## SURRENDERS TO THE POLICE TODAY

Chase Taylor Gives Himself up and  
is Placed in Jail as Result of  
Aug. 21 Escape

TO BE ARRAIGNED AT 4 P. M.

Escapes From Police When They  
Visit His Home Sunday—Charge  
in Circuit Court Too

Chase Taylor, better known as  
"Bill" Taylor, and a brother of  
"Chuck" Taylor, who is serving a  
sentence in the penitentiary, was  
this morning placed in jail, after  
giving himself up to the police.

Taylor has eluded the police for  
two weeks, ever since he resisted  
Policemen Newhouse and Lemons at  
the corner of Second and Main  
streets on August 31, after they had  
placed him under arrest for violat-  
ing the traffic laws. At this time  
his automobile was taken by the po-  
lice but he called for it the follow-  
ing day, and has been at liberty  
ever since.

The police have had warrants for  
him ever since the trouble happened,  
and a bench warrant was issued by  
Judge Sparks, and was in the hands  
of the sheriff. It charges him with  
operating an automobile while under  
the influence of intoxicating liquor.

Yesterday afternoon the police,  
including Chief Wilfong, Policemen  
Newhouse and Lemons, made a trip  
out to the Taylor home in Circleville  
for the purpose of arresting him. As  
the officers approached the house,  
Taylor made his getaway out of an  
oceanfield. At this time he was bare-  
footed and shirtless.

The officers took charge of the  
Ford roadster and placed it behind  
locked doors at police headquarters  
where it remained last night. This  
morning Taylor came to police  
headquarters and gave himself up,  
and was placed in jail.

Charges have been filed against  
him for assault and battery and in-  
toxication, and probably a few more  
charges will be filed later on.

Taylor was to be arraigned before  
Mayor Irvin at four o'clock this  
afternoon.

## LOCAL SUIT INVOLVING \$15,000 STARTS TODAY

Case of John Alter Et Al. Against  
Mr. and Mrs. Bert Alter For Par-  
tition Opens at Brookville.

WOULD SET ASIDE FARM DEED.

A Rush county law suit in which  
a farm in the Big Flatrock neigh-  
borhood southwest of Rushville, val-  
ued at \$15,000, is involved, began  
in the Franklin circuit court at  
Brookville this morning. The suit  
is for partition and was brought on  
March 14, 1918 by John Alter, Frank  
Alter and Claude Hillgoss against  
Bert E. Alter and his wife, Mabel  
Alter.

Christian Alter, who died in Feb-  
ruary, 1918, deeded his farm of 55  
acres, which is said to be worth  
\$300 an acre, to his nephew, Bert E.  
Alter, excluding the plaintiffs, two  
brothers and a nephew, who are also  
heirs. Before a partition is made,  
it will be necessary for the jury to  
set aside the deed. Mrs. Christian  
Alter died Sept. 30, 1917, and it is  
alleged that after her death, the de-  
fendants took charge of Mr. Alter,  
during which time he made the deed.

John A. Tittsworth and Douglas  
Morris of this city and M. P. Hub-  
bard of Brookville represent the  
plaintiffs and Megee and Newbold  
and Donald Smith of this city and  
Jack Ross of Andersonville are at-  
torneys for the defendants.

## SCHOOL OPENING DELAYED

Union Teachers Near Linton Fail to  
Put in Appearance Today

(By United Press.)

Linton, Ind., Sept. 15.—Only two  
of the fourteen district schools of  
Stockton township, outside of Lin-  
ton, Ind., opened today as the re-  
sult of a controversy between the  
teachers' federation and a trustee.  
A committee from the Central  
Labor union visited all schools in an  
attempt to persuade non-union  
teachers not to take up their work.  
The trustee had employed twenty  
of the twenty-six teachers required  
for the proceedings on the opening  
day.

## JOHNSON SPEAKS TO 50,000 IN FOUR DAYS

Arrives in Des Moines From Kansas  
City to Resume His Fight on  
The Peace Treaty

WHY WILSON URGES HASTE

Des Moines, Ia., Sept. 15.— Hav-  
ing addressed between 40,000 and  
50,000 men and women who cheer-  
ed him during the first four days of  
his tour, Senator Johnson arrived  
here from Kansas City, today to  
resume his fight on the peace treaty.

"It is obvious that I am present-  
ing why the administration insists  
upon such a haste in the disposition  
of the treaty," said Senator John-  
son. "It was decided to have it hur-  
riedly approved before our people  
find out what it really means to  
them. The senate has had the treaty  
just two months while the presi-  
dent spent seven months with it, and  
the European and Asiatic powers  
preceded their secret agreements to-  
gether as the basis of the document  
as it now stands."

## REPORTED GOMPERS WILL TAKE CHARGE

Head of American Federation of  
Labor May Assume Control of  
Policemen's Strike.

RESULT OF VOTE NOT KNOWN

(By United Press.)

Boston, Mass., Sept. 15.—It was  
reported in labor circles here today  
that Samuel Gompers, president of  
the American Federation of Labor,  
will take personal charge of the  
strike of members of the Boston's  
policemen's union. This report is  
based, it was said, on the conference  
Gompers held with Frank McCauley,  
representative of the American Fed-  
eration of labor in New York yester-  
day.

Meetings of scores of unions  
throughout the city were held yester-  
day and it was said the unions  
voted on the sympathetic strike res-  
olution of the Boston Central Labor  
union. It was impossible today,  
however, to learn the result of the  
voting.

Ballots were sent to the Central  
Labor union headquarters for tabu-  
lation.

## MISTAKE POISON FOR BOOZE

One Fort Harrison Soldier is Dead  
and 5 Others Are in Hospital

Indianapolis, Ind., Sept. 15.—One  
soldier, Oliver Eager, 19, believed to  
be from South Bend, is dead and five  
others are in the hospital at Fort  
Benjamin Harrison, as the result of  
drinking poison which it is said,  
they mistook for whiskey. The men  
were prisoners at Fort Harrison.

Coroner Paul Robinson of In-  
dianapolis is co-operating with the  
military authorities in an investiga-  
tion.

## ENJOY AFTERNOON AT MASONIC HOME

More Than 150 Masons and Their  
Families From This County Pay  
Annual Visit to Institution

PROGRAM BY PHOENIX LODGE

Contribution Amounts to \$54.05.  
Which is Not Up to Mark Set  
Last Year

Although the attendance nor the  
collection came up to the mark set  
last year, Rush county Masons  
spent a delightful afternoon at the  
state Masonic home in Franklin  
Sunday. A crowd of Masons and  
their families numbering a few more  
than one hundred and fifty enjoyed  
the program prepared by Phoenix  
lodge of this city and visited with  
the children and aged people who  
are inhabitants of the home. The  
collection amounted to \$54.05. Last  
year members of Phoenix lodge gave  
\$150, on the occasion of their first  
annual visit to the home, which sum  
has never been equaled in any of the  
Sunday free-will offerings.

At the request of S. L. Traub,  
who presided at the meeting in the  
auditorium of the main building,  
Superintendent Boyd of the home,  
explained that the Sunday collec-  
tions would probably be used to  
equip a boys band or an orchestra  
for the home, so that the home  
could have a part in the entertain-  
ments given there, and could send  
its musical organization to Masonic  
lodges throughout the state.

Mr. Boyd said the original inten-  
tion was to apply the contributions  
to one of three purposes—a mem-  
orial arch, a memorial fountain or  
a musical organization. Since it is  
regarded as certain, he said, that the  
Scottish Rite of Indiana will erect  
the arch at the entrance to the home  
grounds and a fountain in the cen-  
ter of the circle around which the  
buildings are erected, the money will  
be used for an orchestra or band.

Before and after the program, the  
local visitors spent some time in the  
main building, which houses the aged  
Masons and Masons' widows, and  
the boys' and girls' dormitories.  
They found everything immaculate  
and the inhabitants of the buildings

## MAKE 2 WATERHAULS OVER THE WEEK END

Police Raid Home of Mrs. Kate  
Rowe, 124 E. Fifth, And Barn  
in Rear of Stewart's Residence.

NO ARRESTS IN EITHER CASE

The police under the charge of  
Prosecutor Stevens and Police  
Chief Wilfong, made two raids, one  
Saturday night and another Sunday  
afternoon about four o'clock, both  
resulting in a "waterhaul," as no  
direct evidence was obtained.

Saturday night about 8:30 o'clock  
the police raided the home of Mrs.  
Kate Rowe, 124 East Fifth street,  
who was suspected of operating a  
house of ill fame. The officers were  
denied entrance, and the door was  
broken in, but no one was found in  
the house except Mrs. Rowe. The  
police were informed that four men  
had left the place a few minutes be-  
fore their arrival.

The raid yesterday afternoon was  
made on a search warrant, and a  
barn in the rear of John D. Stew-  
art's house, at the corner of Harri-  
son and Tenth streets was searched  
in quest of "booze." Here the police  
found no direct evidence, but dis-  
covered eighteen empty whiskey  
bottles.

No arrests were made in either  
case.

## DEFENDANT WINS JUDGMENT OF \$790

Circuit Court Jury Reaches Agree-  
ment Sunday Morning at 12:15  
After Taking 20 Ballots

DELIBERATES NINE HOURS

Evidence Discloses Pratt Put up One  
of Goldman's \$400 Notes as  
Security For Bar Bill

The jury in the case of Pratt vs.  
Goldman, found for the defendant,  
after twenty ballots were taken, and  
awarded Lafe Goldman \$790 judg-  
ment. The jury did not reach a de-  
cision until 12:15 Sunday morning,  
getting the case in the middle of the  
afternoon of the previous day.

The case was an attempt on Hor-  
ace A. Pratt's part to collect on  
three \$400 notes which were given  
him in payment for a stallion pur-  
chased by Lafe Goldman in 1913. It  
was found by the Goldmans, who  
conduct a stock raising farm, that  
the stallion was not a breeder and  
had been misrepresented to them,  
and they stopped payments on the  
notes.

Mr. Pratt, on the witness stand  
Saturday afternoon, testified that  
one of the \$400 notes was now in  
the hands of Mrs. Hanna, mother of  
a former saloon keeper in Green-  
field. He explained to the jury that  
several years ago he purchased  
drinks in the saloon which amounted  
to \$20 and he borrowed \$10 from  
the saloon keeper, giving him the  
\$400 note as security. Mr. Hanna  
has since left Greenfield, and the  
note is now in possession of his  
mother, who resides in Greenfield.

The case went to the jury about  
three o'clock Saturday afternoon,  
and the judgment was not given un-  
til early Sunday morning, which  
amounted to \$790 in favor of the  
defendant.

With most of the attorneys out of  
the city today, there was practi-  
cally nothing going on in court, and  
the jury was not summoned for this  
morning. The prospects today were  
for a light week in court, with  
nothing of much importance was placed  
on the docket for the week.

Most of the week will be taken up  
with grand jury investigations. As  
Judge Sparks has called a grand

## ENTER LAST WEEK OF FARMERS' DRIVE

Organizers for Indiana Federation  
of Farmers' Association Hope to  
Reach Goal Friday.

MEETINGS FOR EVERY NIGHT.

Organizers for the Indiana Fed-  
eration of Farmers' associations to-  
day entered the final week of the  
campaign to obtain members for the  
association and to raise Rush coun-  
ty's quota of the \$200,000 guaran-  
tee fund to be subscribed in the  
state. The campaign will end Friday,  
when it is expected an oversubscrip-  
tion of the sum will be announced.

The first meetings in the county  
campaign were held at Richland and  
Milroy last Friday night and many  
new members were recruited. To-  
night's meetings will be at New Sa-  
lem and Center church and tomorrow  
night meetings will take place at Ar-  
lington and Gings. The schedule  
calls for gatherings at Moscow, Car-  
thage and Osborn school in Jackson  
township Wednesday night and at  
Raleigh and Manilla Thursday night.

The meetings will be addressed by  
T. A. Coleman of Purdue, L. M.  
Vogler of Hope, district director;  
Howard Eubank, secretary of the  
county organization, and others. The  
goal is a seventy-five percent enroll-  
ment in the county.

## REFUSES 12-YEAR-OLD GIRL

Clerk Denies Marriage License to  
Bessie Adams and Soldier

County Clerk, Loren Martin, this  
afternoon refused to issue a mar-  
riage license to a couple, on several  
grounds. Acie Stamper, aged 22  
and a soldier in service, giving his  
address at Kentucky, appeared with  
Bessie Adams, who said that she  
was living with her sister in Knigh-  
town, and gave her age as 12. The  
girl was not tall enough to reach  
the top of the counter, and even  
though her age kept her from get-  
ting a license, she was not a resident  
of this county. Several people re-  
marked that the man should be turn-  
ed over to the police for contribut-  
ing to the delinquency of the child.

## ONLY ONE SPEECH ON PROGRAM TODAY

President Wilson Carries Fight For  
Ratification of The Peace  
Treaty Into Oregon

TALKS AT PORTLAND TONIGHT

(By United Press.)

Aboard the President's Train Ap-  
proaching Portland, Oregon, Sept.  
15.—The fight for ratification of the  
peace treaty was carried into Ore-  
gon by President Wilson today.

His speech-making program was  
considerably lightened, however.  
Only one address was scheduled, to  
be delivered at 8 p. m. The rest of  
the day was to be given over to  
sight-seeing and recreation.

Wilson is conserving his strength  
for the offensive into California, the  
home state of Senator Johnson, who  
is on a speaking tour in opposition  
to the treaty.

The president planned to make a  
trip on the Columbia river highway  
and to attend a luncheon. He also  
was to meet many crowds assembled  
at different parts of the city to  
greet him and there was a possibility  
that he might make a brief address  
at one of these gatherings.

The president, when he enters  
California, is expected to get more  
information with regard to the pro-  
jected strike in protest against the  
life imprisonment of Thomas J.  
Mooney, labor leader, convicted of  
implication in the preparedness par-  
ade bomb explosion in San Fran-  
cisco in 1916.

## OFFICIAL DISPATCH FROM CAPT. KIPLINGER

Message Received by State Depart-  
ment May Have Been From  
Rushville Man Overseas

TELLS OF ITALIAN ADVANCE

(By United Press.)

Washington, Sept. 15.—The state  
department today received an offi-  
cial dispatch from Capt. Kiplinger  
at Fiume, telling of the advance of  
Gabriel D'Annunzio and his Italian  
troops on the city.

All Fiume shops are closed, it  
was said, both in protest of the  
conditions there and in fear of the  
danger from Italian troops reaching  
the city. No damage thus far has  
been done.

The Capt. Kiplinger referred to in  
the above dispatch may be from  
Capt. John H. Kiplinger, Rushville,  
attorney, who has been overseas for  
more than a year. Mrs. Kiplinger  
said this afternoon she had no word  
to the effect that he was in Fiume,  
but that he might be there. The last  
direct news she had from him, Capt.  
Kiplinger was in Switzerland and  
expected to be back in Paris, where  
he has been stationed most of the  
time, by August 30.

## CALLS UP TREATY IN SENATE TODAY

Senator Lodge Formally Makes it  
Order of Business and First  
Gun in Fight is Fired.

JONES OPENS DISCUSSION

Sen. McCumber, Republican, Files  
Dissenting Report, Objecting to  
Majority Reservations.

(By United Press.)

Washington, Sept. 15.—"I call up  
the treaty of peace with Germany."

With these words, Senator Lodge,  
chairman of the foreign relations  
committee, today formally opened  
the discussion in the senate, of the  
peace treaty as reported by the com-  
mittee.

For the first time in the senate's  
history, a great treaty was con-  
sidered in open session, instead of  
behind closed doors.

Immediately after Lodge had for-  
mally made the treaty the senate's  
business, the first gun in the bar-  
rage of speeches from the democrat-  
ic side of the chamber in favor of  
unqualified ratification was fired in  
a speech by Senator Jones, New  
Mexico. Jones, one of the treaty's  
most ardent supporters, will be fol-  
lowed tomorrow by Senator Over-  
man of North Carolina, who is also  
in favor of its ratification as it  
now is.

Changes in the peace treaty pro-  
posed by the senate foreign relations  
committee are "couched in a de-  
fiance of discouragement and over-  
bearance and seem to be expressed  
in a jingoistic manner and ought to  
be eliminated from the American  
standpoint," Senator McCumber,  
North Dakota, republican, declared  
in a dissenting report laid before  
the senate today.

McCumber headed his report as  
the view of a minority and urged  
that his fixed reservation, stated  
recently, be adopted instead of those  
inserted by the foreign relations  
committee.

He took exceptions to the entire  
attitude of the Republican majority  
report.

## TWO CARS STOLEN; ONE IS RECOVERED

Ford Belonging to Clifford Carroll  
Taken Saturday Night and  
Found Sunday Morning.

PETER GILSON'S MISSING YET

Two automobiles were taken Sat-  
urday night, one belonging to Clifford  
Carroll and the other to Peter Gil-  
son, both living north of Rushville.  
The Carroll machine was located  
Sunday morning by Chief of Police  
Wilfong in North Harrison street,  
and had probably been taken by  
some one for a "joy ride." Both  
machines were Ford touring cars.

The Carroll machine was left  
Saturday night near the K. of P.  
hall and was not there at eleven  
o'clock when the owner went to go  
home. He notified the police, and  
it was not located until early Sun-  
day morning, and from appearance  
had not been badly abused, nor  
driven far.

The Ford belonging to Peter Gil-  
son, who lives about two miles north  
of Rushville on rural route ten, was  
left early Saturday night in West  
First street, near the J. C. Ellman  
motorcycle shop. At nine o'clock it  
was gone, and no trace has yet been  
found.

The license number was 253371.  
Mr. Gilson stated that the car had  
been driven only about 3,000 miles  
and was in the best of condition, be-  
ing practically a new car. No clue  
was given the police, and it was not  
found yet late this afternoon.

## You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will? Do not try to rub the pain away, for you never will succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has no equal as a blood cleanser, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system. Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 49 Swift Laboratory, Atlanta, Ga.

## This Farmer Knew

A few days ago a farmer came to our yard in search of wire fence. We priced him the kind that he inquired about.

"Ho, ho," says he, "I can buy this fence 25c a rod cheaper elsewhere."

We tried to convince him that such a buy would be utterly impossible—far below even the retailer's cost price.

"But no," says he, "I know."

A little later he brought us a sample of the fence he talked about.

These are the facts:

It was a 12 inch instead of a 6 inch mesh.

The wire ran fully 1 gauge too low.

When we called his attention to these facts, he bought a large quantity of fence from us.

If you buy your fence from our yard, you will get full gauge wire, and it will be what we say it is.

Lambs—50c to \$1.00 higher.

## DEFENDANT WINS JUDGMENT OF \$960

Continued from Page One

jury for in the morning. Several people have been summoned, but the nature of the investigations is not known. The original panel of the grand jury was shaken, and three members were dismissed, those being Harry Gosnell, J. N. Northam and John K. Stiers.

The panel which will constitute the grand jury as selected this morning, will consist of the following jurors: Henry G. Wilson, Joel G. Carson, Samuel Cohen, E. G. Jones, Charles Kennedy and O. M. Siler.

## Run Down?

Kidney and bladder troubles are not limited to men. Housework, or work in office or factory, causes women to suffer from weak, overworked or diseased kidneys. The symptoms are—puffiness under the eyes, sallow skin, constant tired feeling, lack of ambition, nervous condition, backache, rheumatic pains, sore muscles, stiff joints.

## Foley Kidney Pills

get right at the cause of suffering and misery, regulate the kidneys and bladder and restore the diseased organs to sound and healthy condition.

Mrs. Wm. Fischer, 2099 Woodbourne Ave., Louisville, Ky., writes: "I am just getting along fine. I am taking Foley Kidney Pills every other night. You should have seen me before I started. I was yellow as gold, now my eyes and skin are all cleared up. My kidneys do not bother me at night any more. It will help some other poor soul who is suffering you may use my name wherever your medicine is advertised."

## MANY BALL GAMES IN COUNTY SUNDAY

Rushville Tail Lights Lose to St. Paul, 6 to 1, and Andersonville Defeats Milroy

### DIVIDE A DOUBLE HEADER

Homer and The Tugs, Shelbyville Colored Team, Play Two Games—Arlington Red Sox Lose

The Rushville Tail Lights were defeated yesterday at St. Paul, by the score of 6 to 1. In the first inning, Bennett, Rushville's pitcher, was knocked out of the box, St. Paul getting 5 runs. Jesse Taylor was then placed in the box for Rushville, and the game was close from then on, each team scoring only one run each. The Tail Lights played good ball, and would probably have won, had it not been for the bad start. The next game will be a return game on the Andersonville diamonds next Sunday, and the local team expects to give the Andersonville team a beating. Many local fans accompanied the team, and an effort will be made this week to have an unusually big crowd go with them next Sunday.

While the Rushville Tail Lights were being defeated at St. Paul yesterday, several other Rush county towns were enjoying baseball games. At Arlington, the Red Sox met defeat at the hands of the fast Lewisville team, by the score of 6 to 1. The Lewisville aggregation is considered the fastest team around here playing the class of ball that is being played in the smaller towns this year. The visitors proved too much for the Red Sox, but the fans enjoyed a good game.

In Milroy, the Andersonville team handed Milroy the short end of a 4 to 3 score, in a fast game of ball, which was witnessed by a big crowd of fans from Milroy and Andersonville. The Andersonville team has defeated several teams this year and last Sunday a week ago, handed the Rushville Tail Lights a defeat.

Down at Homer the fans were treated to a double header, with the teams dividing the honors. The Shelbyville Tugs, a colored team, won the first game by the score of 10 to 6 and in the second game lost to the Homer team by the score of 7 to 4. Peck Orne, a well known pitcher, was on the mound for the Homer team, and pitched good ball throughout both games.

Teams representing the Rushville furniture factory and the Charles E. Francis company met on the ball lot near the Modern Appliance building Sunday morning and the furniture workers won by the score of 13 to 11.

## TO REPRESENT EMPLOYES

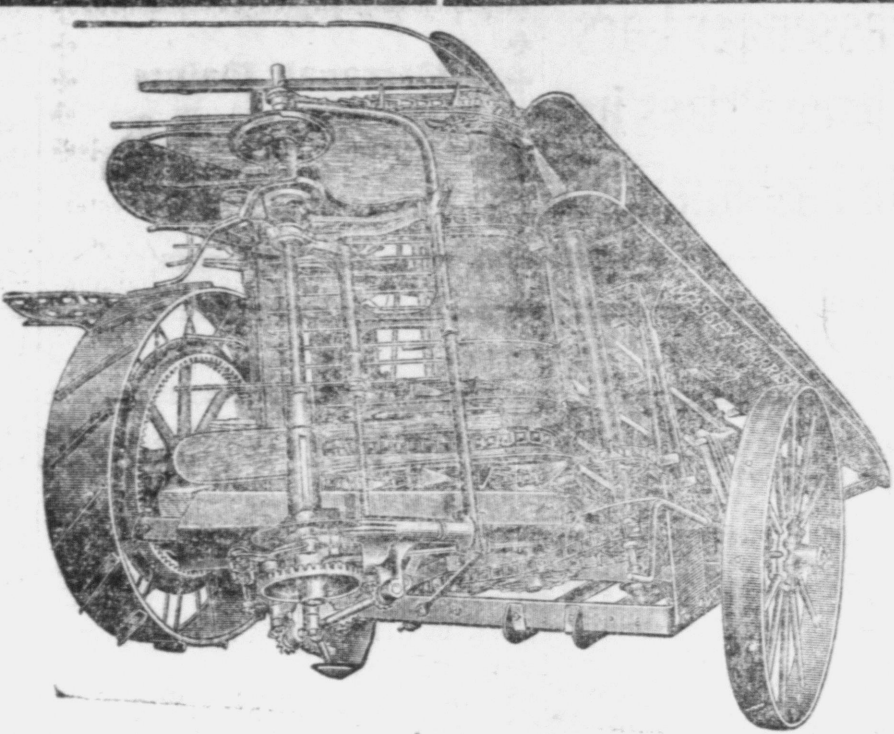

C. H. Browns Selected to Appear Before Commission at Cincinnati.

Charles H. Brown, assistant postmaster of this city, was selected yesterday at a meeting of the Indiana branch of the National Association of Supervisory Postoffice Employees in Indianapolis, to represent assistant postmasters and supervisory employees of Indiana offices at the hearing at Cincinnati Sept. 22 and 23, before the joint commission on postal wages recently appointed by congress. Mr. Brown is president of the Indiana branch of the national organization. Employees from Kentucky and Ohio will also be heard, and their representatives will be consulted. Mr. Brown said, before going before the commission. About thirty-five members of the association from all parts of the state were present yesterday.

### FIFTH QUAKE IN A WEEK

Cureka, California, Sept. 15.—The fifth earthquake in a week struck this section today, demolishing a number of chimneys. It was the most severe of the series and was accompanied by a rumbling resembling thunder. Another shock was felt at nine o'clock this morning.

Virgil King is building a fine residence on his farm southeast of New Salem.

## The Massey-Harris Stands That Test as No Other Corn Binder Can

And the reason that it does is very clear. It has all of the desirable features found in the usual Corn Binder construction and in addition, has several exclusive ones that contribute much to its efficiency, outstanding among which is a wider range of adjustment for accommodating all heights and kinds of corn—an adjustment which can be operated with speed and accuracy. Whether the crop be the supple kaffir corn of the Southwest, the large, firm varieties of the Corn Belt, or the short growths mixed with grassy bottoms, this machine will harvest it in a way that will always please. Just keep that fact in mind and in connection with it consider the following which will show you conclusively why the Massey-Harris Corn Binder is the machine best suited to supply your needs.

IT IS BACKED BY NEARLY 70 YEARS EXPERIENCE IN IMPLEMENT BUILDING AND IS THE CULMINATION OF 16 YEARS OF STUDY AND DEVELOPMENT.

**C. H. (Nick) Tompkins**

## The Arcade Barber Shop

Three first class barbers. A clean towel for every customer. We have a complete sterilizing system for hot towels, wash rags, razors, combs and brushes and everything in use.

Haircuts 25 Cents. Shave 15 Cents

RICHARD FLOYD, Prop.

## Public Sale

Having rented my farm and having no further use at present for farm tools and work stock, I will offer at public sale at my farm, 2 miles north and 1 mile east of Rushville, Ind., the following property, on

**SATURDAY, SEPTEMBER 20, 1919**

**SALE TO COMMENCE AT 10:00 A. M.**

### 9 Horses and Mules 9

One bay gelding 13 years old, a coach bred horse, slightly blemished on fore legs, otherwise sound and a splendid farm horse and a good driver. One bay gelding 9 years old, a fine actor and a splendid general purpose horse, sound and of fine character. A person wanting a good farm horse and a carriage horse combined would not make a mistake in buying him. One bay mare 10 years old with mule colt by her side and in foal by the sire of her colt. This mare is a good mare anywhere she may be hitched and has been used as the family driving mare for the past three years. One sorrel mare 6 years old, well broke and a good driver. One pair of 3-year-old mule, a bay and black; was broke at 2 years of age. One pair of mules, one 11 years old, a big strong horse mule, sound and well broke to work double or single, a good line animal and a great puller; his mate is a mare mule 7 years old, a beautiful animal and as good as she looks. One old mule 20 years last fall. She is the pet of the farm; gentle and kind and the best work animal I ever owned; she has worked all this season and is good for ten or twelve more.

### 4 Head of Cows 4

One Jersey cow with calf at side; two cows, Jerseys, to be fresh some time in October; and one Jersey cow fresh in July last, now giving a good flow of milk. These cows are all splendid milk cows and their milk is rich in butter fat. One heifer calf five months old.

### 8 BROOD SOWS WITH PIGS AT SIDE.

### STANDING CORN IN THE FIELD.

### 20 TONS OF CLOVER HAY IN THE MOW. RYE STRAW BALED.

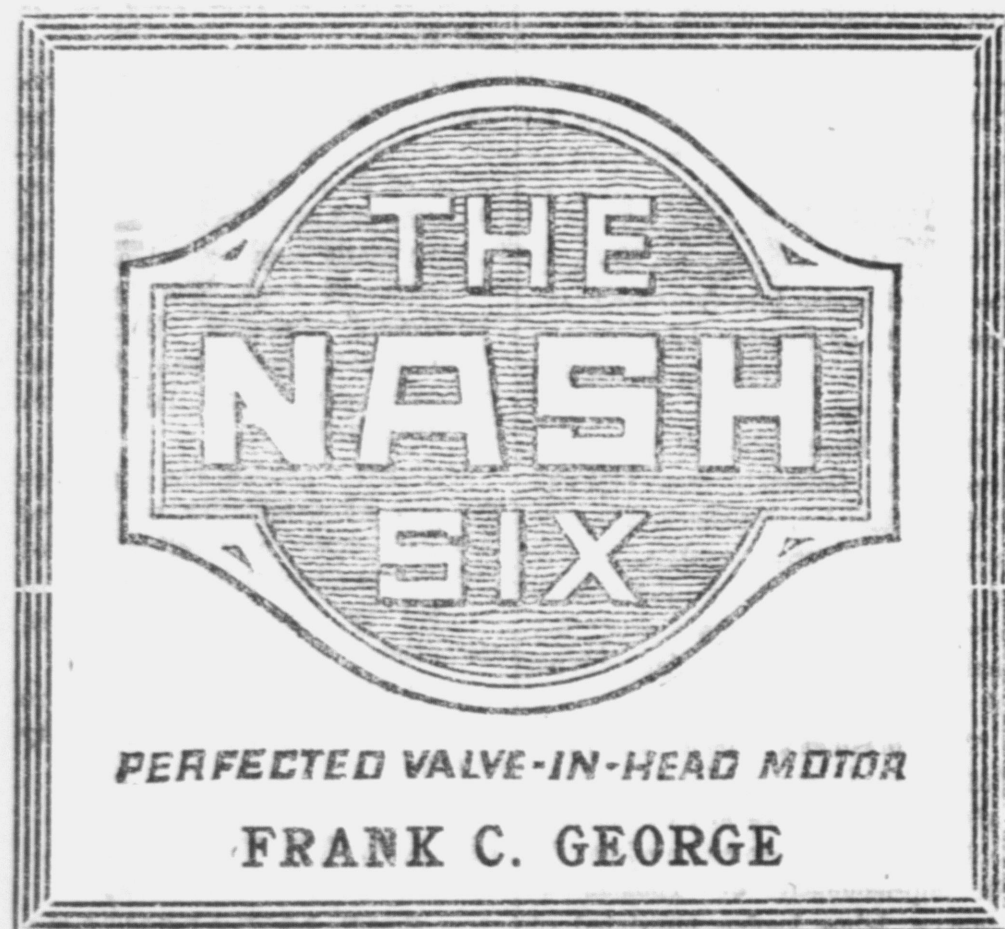

**FARM IMPLEMENTS**—2 good farm wagons, 1 McCormick 8-foot binder, almost new, 1 McCormick mower, 1 hay loader, 1 disc harrow, double and 1 disc harrow single, 2 two-row Janesville corn plows, one Planet Junior corn plow, 1 spring tooth cultivator, 1 shovel cultivator, 1 single shovel potato digger and 1 double shovel cultivator, 2 Oliver riding break plows, 1 walking break plow, and 1 steel roller, 1 wooden drag for 4 horses, and 2 wooden one-horse drags to use in growing corn, 1 one-horse weeder, 1 spike-tooth harrow, 1 corn planter with fertilizer, 2 one-horse wheat drills with fertilizer compartment, 1 fanning mill. Harness for 9 horses; forks; shovels; hoes and many small tools and implements necessary on the farm; 1 large size gravel bed made of Linden wood, 2 hog racks and three flat beds; one buggy and a set of buggy harness.

### 1 GOOD USED 4-PASSENGER AUTOMOBILE IN GOOD CONDITION.

**TERMS OF SALE**—On all sums of Twenty Dollars or less cash will be required before articles are removed. On all sums over Twenty Dollars a credit of six months will be given without interest, drawing 6 per cent interest after maturity. Three per cent discount for cash. All purchases to be settled for before removal of same.

## PUBLIC SALE

General Farm Property and 40 Head Dairy Cows

Having rented both of my farms and retiring from the dairy business, I will sell at public auction all of my horses, farming implements and all of my dairy cows and heifers at my farm, 5 miles west of Greensburg, Indiana, and two miles southwest of Adams, on

**THURSDAY, SEPTEMBER 18, 1919**

the following property:

### 8 Head of Mares and Mules 8

Consisting of two spans of good mules and one span of extra fine black mares, six years old and weigh 3,000 pounds, a fine pair, nice driving mare, and one very fine yearling filly.

### 55 Head of Dairy Cows and Heifers 55

Consisting of selected lot of 52 milk cows 12 of which have calves at foot, some springers and some in full flow of milk. These cows are Jerseys, Holsteins and a few good milking Shorthorns, and are a splendid lot, having been selected in the last few years for their milk and butter fat qualities. Only one or two carrying any age, all sound bags except two. 12 extra nice young heifers, grade Jerseys and Holsteins. My herd bull, "Logan's Jolly Lad," a fine registered Jersey, will go in the sale.

A full line of farming implements and harness. Lot of milk cans, DeLaval separator and other things incident to a well equipped dairy.

Do not confuse these cows with cows and heifers shipped in or picked up for sale for they are all good and have been in use in my dairy and all must sell to the highest bidder as I have QUIT and farms are now turned over to renters.

1,000 Pounds of P. E. Hog Powder.

TERMS MADE KNOWN DAY OF SALE

Sale Begins at 10:00 Sharp.

Lunch on Grounds

**George A. Logan**

A. F. EUBANK, Auctioneer.

WILL RYAN, Clerk.

### Nash Passenger Cars Win Three Prizes in Auto Fashion Show

Further honors came to Nash passenger cars when they were awarded three prizes at the automobile fashion show held in conjunction with the Sealed Air, Mo., State Fair. The awards were based upon appearance.

After a review before 10,000 spectators who crowded the grand stand at the state fair grounds and in combination with numerous cars of other makes the Nash entries, all driven by owners, got first and third places in the sport and roadster class respectively and third place in the touring car class.

The Nash closed cars were entered in the fashion review, thus with this distinction three prizes out of a possible six is regarded as an excellent showing.

The Nash sport model which won first and third prizes in the sport and roadster class is of a design which is exceedingly attractive. The car, with its long, gracefully curving lines is hung low upon a chassis of 121 inches. It is painted in a light green while the fenders and running gear are glossy black and the trimmings, including four out-door handles, are of nickel. Two windows in the rear are fitted with tinted glass.

The equipment of this model includes a legal head-light lens and five wire wheels. Other equipment includes an ocean light, foot rest and ratchet. The car has an air of refinement calculated to please the most discriminating.—Adv.

**ENJOY AFTERNOON  
AT MASONIC HOME**

Continued on Page Two

surrounded with every comfort. They also found the hospital a well equipped and well operated institution.

A duplicate of the girls' dormitory is being erected to take care of the surplus of girls who have lately been admitted to the institution. There are twice as many girls as boys and present quarters are not large enough for them. The children attend the Franklin public schools. The youngest child in the home is a little girl two years old.

The program opened with a selection by a quartet composed of Mrs. George Wiltse, Miss Mabel Cornwell, the Rev. C. S. Black and Dr. Frank M. Sparks. Following the scripture reading by Mr. Trabue, the singing of "America" by the audience, a prayer by George Wiltse and a vocal solo by Miss Cornwell, music taught in the Rushville schools, the Rev. Mr. Black spoke for forty-five minutes. The program closed with a cornet solo by Miss Vivian Harris, a member of the high school faculty here, and the singing of "Blest be The Tie," after the collection was taken.

The Rev. Mr. Black said he was filled with pity and gratitude when he saw the children march into the auditorium—pity when he thought of the environment which had caused them to be in the home, and gratitude for the spirit which had brought about the erection of such a home, with Christian surroundings and everything that is needed to develop Christian men and women.

The speaker dwelt on the comforts of the home and showed what really brings comfort in life. He pointed out that half of the troubles and worries of life are imaginary and borrowed, and that to be satisfied, one must be honest and God-fearing.

**A Chance For The Farmer**

The response with which organizers for the Indiana Federation of Farmers' Associations have met in Rush county, shows that local farmers are alive to the necessity of organization and are going to take advantage of the opportunity offered by the new association to get together and protect their own interests.

Farmers have been bemoaning their fate for years—the fact that they could do nothing in an organized way when labor and capital were working for their own interests successfully. Now they have the chance to act in an intelligent way and protect their rights at a time when the buyers of live stock are driving down the market for their own benefit with a heavy loss to producers and no gain for consumers.

Farmers of Rush county have lost hundreds of thousands of dollars through the drop in hogs and cattle, but consumers are paying the same price as they did before the market went down. It is a natural human instinct for the farmers to protect themselves against such onslaughts as have been taking place in the live stock market, and an organization such as the Indiana Federation of Farmers' associations is the only alternative.

The average farmer would have no complaint about the falling off of live stock prices if the consumer were deriving the benefits, but the difference between what the prices formerly were and what they are now, are merely enriching the packer, who has made the farmer the "goat" on many other occasions. Numerous instances can be recited of Rush county farmers who have lost \$10,000 or more because of the packers forcing the live stock market down in the last few weeks. The drop in hogs has amounted to six cents a pound, yet the retail prices remain the same, and the big buyers of live stock are pocketing the difference which rightly belongs to the producers.

There are no socialistic or Bolshevik tendencies about the Indiana farmer. He can organize to protect his interests and the consumer may have no fear of his taking advantage of the opportunity to do the thing which we have seen the packers do in the last few weeks. He can be trusted with power and the

trust will not be violated, such as has been the practice of a majority of the labor unions.

We will all have to admit that raising stock is too big a game of chance, when the other fellow can control the price at his will. The producer of any manufactured article is practically certain what he will get for his goods when he makes them, but the farmer may buy \$20 hogs and feed them \$2.00 corn, and then only get \$17. for them when they are ready to sell.

**Never Again.**

It was not altogether unnatural that the members of the American Legion should have seemed disposed to neglect universal military training as part of their program and purpose.

The most recent recollections of army men will hardly nourish in them an abiding affection for army life. Their vivid retrospects will not be pleasant ones. They will feel like men who have lately recovered from a lingering disease.

And it is not so much the thought of dangers faced and hardships undergone that paints a sombre color on the picture. It is the deadly monotony of the daily routine, and the more trivial grievances, such as unpalatable meals, ill-cooked food, bad sleeping quarters, and the like.

And one thing even worse. The misery of being everlastingly "bossed", without the divinely sweet alleviation of being able to "jaw back", which every laborer enjoys, who does not mind being fired—and few of us do. Most of the army men were, necessarily, privates or non-coms; and a man who has gone through continuous hectoring—very often from junior officers whose mental equipment was, all things included, inferior to his own, has little enthusiasm for making military training universal.

Now that the flag-waving and the band-playing is over, we are getting cold facts, instead of sentiment and hysteria; and we know that conditions in the army were bad. Our private soldiers do not whine, but when we ask them for the plain truth we can get it. The food was often unhealthy, even in training camps. Hospital facilities were, in many cases, far from adequate. Many officers were only half-trained, and, like most incompetent men in authority, inclined to substitute petty tyranny for the leadership which real efficiency guarantees.

So the members of the Legion do not wax zealous over universal military training.

But they overlook a vital fact. All the evils of which they complain were caused by lack of that very preparation which they now discountenance. If we had been ready, officers would have been fully trained, rations would have been efficiently handled and distributed, hospital facilities would have been ample. Considering our unreadiness, we did remarkably well—though badly. It is surprising that our officers learned as much as they did—in the time allotted.

If we get ready for war, we are not likely to have one. If the members of the Legion wish to keep out of khaki, let them indorse military preparedness.

**Death in the Mines**

The death rate among miners is high in many countries. A miner's work is performed under certain physical risks. But the death rate is nowhere as high as it is in America. This fact may seem surprising, as we are inherently a humane nation, and we give rather more protection than other countries to the manual worker.

It can not be attributed to the extreme pressure of working conditions—to intensive development and high production. There is a symptom that discourages this theory, and it is rather a sinister one. There are twice as many accidents among miners who can not speak English as among those who can.

Owing to the perilous nature of the work serious warnings are printed for the protection of the workers, on handbills and notice boards, and most of the English speaking miners can read them. The notices are also printed in foreign tongues, but they do little good. Those who speak those tongues are, more often than not, illiterate.

They are allowed to vote, although they do not know enough to enable

**Death in the Mines**

**Sap and Salt**

By BERT MOSES

One good way to help others is to leave them alone.

The supply of kisses always seem to equal the demand.

It isn't much of a virtue to be good when you are sick.

Politics is an institution that compels men to vote for things they are opposed to.

Brilliance in a man rarely gets him to the destination unless there is honesty combined with it.

Hez Heck says: "A big per cent of the people seem to hold the notion that the sole idea of life is fun."

them to safeguard their own bodies. It is vital, for their own well being as well as for ours, that they should be able to efficiently do both.

Then we will read of less accidents in the mines, where life pays the penalty.

Bolshevism has spread its red wings very generally over Europe, and is even invading this country to a dangerous degree. The man who can not respect the American flag and American institutions should be conducted to the border line and kicked across.

Twenty-six percent of the men mobilized by France were lost in the war. The injection of American blood in the repopulation of the country would do much toward raising France again to the proud position of eminence it once occupied in the community of nations.

A former American in Canada thinks the United States made a poor showing in the war. But he only thinks—he hasn't brains enough to know.

Some people do not believe in tooting their own horns, but are even more averse to having them remain untooted.

**Never Again.**

It was not altogether unnatural that the members of the American Legion should have seemed disposed to neglect universal military training as part of their program and purpose.

The most recent recollections of army men will hardly nourish in them an abiding affection for army life. Their vivid retrospects will not be pleasant ones. They will feel like men who have lately recovered from a lingering disease.

And it is not so much the thought of dangers faced and hardships undergone that paints a sombre color on the picture. It is the deadly monotony of the daily routine, and the more trivial grievances, such as unpalatable meals, ill-cooked food, bad sleeping quarters, and the like.

And one thing even worse. The misery of being everlastingly "bossed", without the divinely sweet alleviation of being able to "jaw back", which every laborer enjoys, who does not mind being fired—and few of us do. Most of the army men were, necessarily, privates or non-coms; and a man who has gone through continuous hectoring—very often from junior officers whose mental equipment was, all things included, inferior to his own, has little enthusiasm for making military training universal.

Now that the flag-waving and the band-playing is over, we are getting cold facts, instead of sentiment and hysteria; and we know that conditions in the army were bad. Our private soldiers do not whine, but when we ask them for the plain truth we can get it. The food was often unhealthy, even in training camps. If we get ready for war, we are not likely to have one. If the members of the Legion wish to keep out of khaki, let them indorse military preparedness.

**EMPLOYERS DECIDE UPON A FEDERATION**

Beginning of Organization is Started in Chicago With Charles Piez At Its Head

**FORMER SHIPPING BOARD HEAD**

Chicago, September 15.—An actual start toward federation of employers of the country as recommended by the recent "our country first" conference has been made by the Illinois Manufacturers' Association by appointment of a committee representing fifteen organizations, with Charles Piez former head of the shipping board, as chairman.

The committee will ask chambers of commerce, agricultural and other bodies to endorse the resolutions adopted at the conference, which urged a federation of employers.

"Manufacturers are awakening to the fact that they have got to present their own views collectively at Washington if they expect to get what is their due in the way of legislation," said Mr. Piez, in stating that the purpose of such a national union of employers would be "to look out for the interests of business."

**TRUCKS GOING TO RUIN**

Government Motor Trucks Are Rotting in The Open

Washington, Sept. 15.—Brig. Gen. Charles B. Drake, chief of the motor transport corps of the Army, has testified before the war investigating committee that more than four hundred communications calling attention to the fact that thousands of motor trucks and automobiles belonging to the Army, were going to ruin, had been sent to the Director of Sales, but without result. He said the Director sent them back with the comment that he didn't care for "any instruction on this matter."

**WILSON PLAN ALREADY HOPELESSLY BEATEN**

52 Years Ago President Johnson Started Out on Speaking Tour After Using Veto Power.

**REMEMBER WHAT HAPPENED**

Washington, Sept. 15.—This is the second attempt in the history of the country "to compel legislative subordination to executive decree", according to Representative Fess of Ohio. The first such effort, akin to the one Mr. Wilson is now making, was by President Andrew Johnson.

Mr. Fess drew a comparison between the effort President Wilson is now making and the one of President Johnson in 1867 following the free exercise of the veto power by the executive. President Johnson declared he would carry the contest to the country and started out just fifty-two years ago making speeches to large crowds. What happened to President Johnson is well known.

Demonstrative crowds greeted Mr. Johnson on his tour. Mr. Fess pointed out, and his utterances increased in acrimony with the progress of the tour. Acrimonious as President Johnson became there is no record showing that he said any member of Congress should be "gibbeted."

**Our Daily Laugh**

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

The world's champions were at it on the base ball field and every man with sporting blood in his veins robbed a bank if that was the only way to raise the wind and invade the bleachers. Duffy, a taxicab driver, was scraping the curb outside the league grounds when he saw a familiar figure coming along in a blind-man act, with goggles, tin cup, cane and tottering walk.

"Hey, McArthur, is that you?" called Duffy, much shocked. It was! "How long since you been took blind?"

McArthur did his stage walk to the curb and said, "I ain't. I'm gittin' fifty cents a hour substitutin' for Kearney who works this blind beat. He's seen, the ball game."

**CASH PRIZE OFFER:** A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

### Simple Home Remedy Advised For Rose And Hay Fever

Anyone Can Make a Pint For  
Trifling Sum and Used In  
Time May Prevent  
Annual Attack

"No matter how severe your yearly attack be, no matter how distressing or humiliating—its intensity can be reduced to a harmless, mildness," says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

### FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With  
Lovely Teeth,  
Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

### ATTEMPTS PRESERVE CIVIL SERVICE, FIRED

Charles Galloway, Retiring Member  
of Civil Service Commission  
Locks Horns With Burleson

OVER POSTMASTER SYSTEM.

Washington, Sept. 15—Investigation is demanded in Congress of the Post Office Department in connection with its relations to the civil service commission. Such an investigation which has been frequently suggested is looked upon as probable and the pressure for it has been much increased by the statement of Charles M. Galloway, retiring member of the civil service commission.

Mr. Galloway charges that he was ousted because he refused to allow the commission to be made a political machine by Postmaster General Burleson. Mr. Galloway charges that Herman W. Craven is a Republican.

It has been well known here for many months that Mr. Galloway and Mr. Craven persistently opposed Mr. Burleson's plan for applying political methods to the appointment of postmasters who are supposed to be selected under the merit plan in harmony with the spirit of the civil service.

Amusements

"The Hoodlum" For 3 Days

The willingness of a girl to sacrifice wealth, comfort and luxury to which she had been accustomed in order to live with her father although his abode was a tenement house forms the central theme in "The Hoodlum," starring Mary Pickford, produced by her and which will be seen commencing with tonight at the Princess theatre, and continuing for three days.

As Amy Burke, Miss Pickford's station in life switches from one of chummy-roadsters, crepe de chine frocks, maids and money to push carts, poverty-stricken districts, the garb of the destitute and crag-games with the East Side boys.

Amy's wealth was brought about by her prosperous grandfather, a power in the financial world, and her poverty results when she chooses to be the only bit of pleasure in the life of her poor father who devotes his time to sociological writing. In the tenement district Amy discovers a friend who has been sent to a prison by the millionaire Guthrie, her grandfather.

How Amy's determination to reinstate the man her grandfather wronged in his proper sphere leads

## CIGARETTES

Turkish and Domestic Tobaccos - Blended

How far  
does your cigarette go?

It gets to your  
taste, of course. Other-  
wise you wouldn't be  
smoking it—but  
Does it stop  
at Taste?

Taste, after  
all, is only the  
half-way point  
to the real goal  
of cigarette en-  
joyment.

Chesterfields go further

They go straight to your  
"smoke-spot." They let you know  
you're smoking. They satisfy.  
Light up a Chesterfield some  
time today and see how quickly  
your smoke-sense will  
put the O.K. on—

They Satisfy

It's all in the  
blend and the blend  
can't be copied.  
Liggett & Myers Tobacco Co.

her into the hands of a merciless  
police system and ultimate happi-  
ness makes a very interesting and  
pleasing end for the feature.

15th Episode of Serial.

The fifteenth episode of "The Red Glove," in which Marie Walcamp has the stellar role, will be at the Mystic tonight with an L-Koromed, "Call the Cop" and a Universal news reel.

A mighty Zeppelin plunging to earth from aloft, flaming and smoking like a giant meteor, forms a tremendous climax in the latest Thomas H. Ince spectacle, "The Zeppelin's Last Raid," to be shown at the Mystic Wednesday. This production is the initial release of the recently organized U. S. Exhibitors' Booking Corporation and has occasioned widespread comment throughout the picture world for its unusual scenic effects.

Surpassing in point of dramatic intensity and scenic investiture even "Civilization," Mr. Ince's first great spectacle, "The Zeppelin's Last Raid," forms a landmark in the career of the famous master of lights and shadows.

Today an Ince production means standard of artistic merit in the film industry. So when a spectacle of his making is announced one may expect a product of unprecedented quality. Such a picture is "The Zeppelin's Last Raid."

WORK IN E. A. DEGREE

Regular work in the E. A. degree of Phoenix lodge No. 62, F. & A. Masons will be held promptly at 7:30 o'clock, Tuesday evening. A large attendance is desired.

BUTTONS TO SOLVE THE  
DOMESTIC HELP PROBLEM

New York, Sept. 15.—Buttons in the wall will replace the servant girl and end the hired help problem, according to electrical experts who are planning the Electrical Exposition, to be held in Grand Central Palace, New York, beginning September 24.

A model home will be constructed at the Exposition with buttons in many places which will control electrical contrivances designed to do anything a servant can do, from serving breakfast to dusting.

The idea originated with Arthur Williams, federal food administrator for New York, who is also head of the Electrical Exposition.

GERMAN SPIES ESCAPE.

Salt Lake City, Utah, Sept. 15.—From ten to seventeen German spies escaped from the Compound at Fort Douglas, here today. Four men believed to be some of the escaped enemy aliens were captured before noon at Ogden.

"A Little Off of Main,  
But It Pays to Walk"

Miss Lavina Compton will entertain the members of the Wide Awake Class of the Methodist Sunday school tonight at 7:30 o'clock, at her home in West Third street.

The Misses Reardon and Davis and Will Mauzy and Mr. Reardon, all of Muncie, were the dinner guests of Mr. and Mrs. Lewis Cline yesterday at their home in North Morgan street.

Conwell Smith, who is attending Purdue university, has been pledged to the Beta Theta Pi fraternity and John K. Tompkins also a student, has been pledged to the Sigma Alpha Epsilon fraternity.

Mrs. D. C. Compton entertained with a six o'clock dinner Saturday evening, at her home in West Third street, honoring Miss Myrtle Sefton of east of the city, who left today for Western College at Oxford, O.

The War Mothers club will meet Wednesday afternoon in the G. A. R. room of the court house. All members are urged to be present at this meeting as many business problems will be discussed at this time.

The marriage of Miss Marie Schriebe, daughter of Mr. and Mrs. A. H. Schriebe, to Frank Hageny, of Cincinnati, Ohio, will take place tomorrow morning at eight o'clock at the St. Mary's Catholic church with the Rev. Father Francis Schaub, officiating.

The Tri Kappas will have initiation at the home of Miss Fanny Stiers southeast of the city, this evening at 5:30 o'clock. Following the initiation the penny supper will be served and the regular business meeting held. All members are requested to be present.

There will be a meeting of the ladies of the Social club tomorrow evening at 7:30 o'clock in the Social club rooms. All ladies who do not want to be appointed captains of their committee should be present, as important business questions will be settled.

The Ladies Missionary society of the First Presbyterian church will meet with Mrs. J. T. Arbuckle at her home in East Seventh street, Tuesday afternoon at 2:15 o'clock. Mrs. John Boyd will be leader. All members of the congregation are invited to attend this meeting.

About forty members of the

Church of God Sunday school enjoyed a picnic Saturday in the city park, given in honor of the children. A delicious picnic dinner was served at noon and in the afternoon music and talks were enjoyed. Watermelon was served at a late hour.

Miss Dorothy Frazee and Miss Phyllis Dean were among the guests at a two o'clock luncheon given by Miss Madge Overholte of Irvington, Saturday afternoon, honoring Miss Lela Kennedy, who will become the bride of Cullen Sexton, son of Dr. and Mrs. J. C. Sexton of this city, October 27.

Mr. and Mrs. Charles Casey, living east of the city, entertained at a dinner party yesterday the following guests: Mrs. Ora McKinney of Palmouth, Ky., Mr. and Mrs. Vester Casey and children. Mr. and Mrs. Ora Blackburn, Mildred Newbold, Mr. and Mrs. George Zike, Ruth Casey, Fred Casey and Willie Casey.

The annual Hilligoss reunion was held yesterday in the Mound's park at Anderson, with two hundred and fifty members of the family present. The morning was spent in greeting different members of the family and at noon a sumptuous picnic dinner was served. In the afternoon the following program was given: prayer, S. D. Montgomery of Anderson; violin solo, Audrey Call of Anderson; song by the Whiting sisters of Anderson; solo, Earl Hilligoss of Anderson; quartet, Mr. and Mrs. Marts and sons Clyde and Earl of Anderson; reading, O. H. Blackledge of Anderson; reading of the minutes; talk by Webster Hilligoss of Tipton; vice president, Harold Hilligoss of Anderson; secretary-treasurer, Mrs. Dora M. Hilligoss of near this city; chaplain, S. D. Montgomery of Anderson; assistant chaplain, Elmer Clark of Anderson; prayer, S. D. Montgomery. The reunion next year will be held at Chesterfield park near Anderson, the second Sunday in September. Those attending from this county were Mr. and Mrs. Thomas Lower and family, Laura Hilligoss, Casper Johnson and family, and Mr. and Mrs. D. M. Hilligoss, all of near this city, Mr. and Mrs. Ora Lower of Homer, Mr. and Mrs. Marshall Heaton of Manilla, Mr. and Mrs. Bert Mull and family, Mr. and Mrs. Jake Whissing and Hazel Brown all of Walker township.

Mr. and Mrs. Jacob Dunwoody have moved from their home in West Seventh street to Connersville.

## GREAT DAMAGE DONE BY TEXAS GULF STORM

One Man is Drowned, Rail and Wire Traffic Impossible and Ships Are Held in Ports.

### CORPUS CHRISTI HARD HIT

(By United Press.)  
Houston, Texas, Sept. 15.—One man is known to have been drowned, property damage is expected to run into hundreds of thousands of dollars, railroad and wire traffic is impossible and ships are held in Texas gulf ports, as the result of the recurrence of the tropical storms which struck the Texas coast from Galveston to Brownsville yesterday. Wire lines to points west of Corpus Christi were generally down. It is feared many persons have been injured in the Corpus Christi district and along the lower Rio Grande valley.

## GOMPERS RETURNS TO WASHINGTON, D. C.

President of A. F. L. Refuses to Make Statement Regarding Proposed Steel Strike.

(By United Press.)  
Washington, Sept. 15.—Samuel Gompers, president of the American Federation of Labor, returned to Washington today, to talk with other federation officials regarding the proposed steel strike and the policemen's strike.

At the federation headquarters it was announced that Gompers will issue no statement on the efforts made, until he has had a chance to go over the ground with officials here.

Despite Gompers' silence, it was reported that the proposed steel strike would be called off at least until October 6.

### CALL TO STATE BANKS

Indianapolis, Ind., Sept. 15.—The state banking department today issued a call for a statement of the conditions of state and private banks at the close of business Sept. 12.

—Mr. and Mrs. George Aultman were the guests yesterday of Mr. and Mrs. Frank Rosey in Newcastle.

NOTICE TO NON-RESIDENT

The State of Indiana, Rush County. In the Rush Circuit Court. In Vacation Term, 1919.  
William E. Newsom vs. Cathleen Newsom. Complaint No. 1381.  
Now comes the plaintiff, by John F. Joyce, attorney, an affidavit filed herein, together with an affidavit that the defendant, Cathleen Newsom is not a resident of the State of Indiana.  
Notice is therefore hereby given said defendant that unless he be and appear on the 18th day of October, 1919, at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in her absence.  
In witness whereof, I hereunto set my hand and affix the seal of said Court at Rushville, this 23d day of August, A. D. 1919.  
(Seal) LORIN MARTIN, Clerk.

POULTRYMEN TO MEET.

Lafayette, Ind., Sept. 15—Arrangements are being made at Purdue University for the meeting of members of the Old Indiana Poultry Association which will be held here October 3 and 4. The Hoosier poultrymen will visit the university poultry farm which is one of the best equipped of any experiment station in the country. U. R. Fishel of Hope, is president of the Indiana association.

NOTICE OF APPLICATION TO INCREASE TAX LEVY.

Pursuant to Sections 200 and 201 of an act concerning taxation, approved March 11, 1919,  
State of Indiana, Rush County, ss:  
In the matter of the application of Rushville School City to raise more taxes,  
Notice is hereby given that the taxing officers of Rushville School City have filed with the State Board of Tax Commissioners a petition to raise taxes in excess of those of the preceding year, for the purpose of paying teachers' salaries, needed repairs, supplies and necessary expenses.  
A public hearing on said application will be held at Indianapolis, Indiana, on the 18th day of September, 1919. All taxpayers and all persons interested are notified to be present at said hearing.  
Rushville, Ind., Sept. 13, 1919.  
L. L. ALLEN,  
Sept 15-12 Secretary School Board.

## Do You Remember Gasless Sundays?

NO better way could be found to illustrate and emphasize the usefulness of the Standard Oil Company (Indiana), and the broad and varied service it renders, than to take five minutes and imagine a gasless year.

Think how our lives instead of being full and complete through association with our fellow men would be circumscribed by the barriers set up by shank's mare.

Think how manufacturing would be hampered. How industry generally would be crippled. How crops would go to waste through inability to harvest, and the leaps and bounds that the cost of living would take.

Instead of the natural expansion of business that comes from service and usefulness, the whole structure of business would be hampered through sheer inability to render to society that service which society has been accustomed to demand.

The Standard Oil Company (Indiana) is a public servant owned by 4649 stockholders, no one of whom holds as much as 10 percent of the stock.

The Standard Oil Company (Indiana) is doing a big job in a big way and has grown great simply by reaping the rewards that come from rendering the service demanded by business and society in a manner satisfactory and beneficial to the world at large.

## WATSON REVEALS EXTRAVAGANCES

Indiana Senator Says \$12,000,000,  
000 Was Wasted Like Water  
Over Niagara Falls

SPEAKS AT CROWN POINT, IND.

Lake County Republican Rally and  
Barbecue is Attended by 10,000  
Persons Saturday

Senator James E. Watson delivered the principal address at a Lake county republican rally and barbecue at Crown Point Saturday, paying particular attention to the league of nations and the extravagance of the administration during the war. Dispatches from Crown Point estimated the attendance at ten thousand persons.

Senator Watson, according to a story from Crown Point, tore into President Wilson and the league of nations in spectacular style and booted at the idea that no more soldiers would have to go to Europe if the league pact was adopted.

Senator Watson was introduced by Lawrence Lyons of Brook, republican district chairman. An elderly farmer brought a grin to Watson's face by yelling, "Now Jim, give the league of nations hell".

Senator Watson declared that Wilson was a minority President as he did not represent the majority of the people. "It was a farce," said Watson. "A firm stand in Mexico would have kept Germany from her ruthless campaign."

He criticised Wilson's "kept us out of war" stand. He continued: "When he did get us in he got us in too late and Wilson was the only man in the world who didn't know what Europe was fighting about. He wasted \$12,000,000,000 like water over Niagara Falls with no regard for taxpayers."

Watson simply provoked a riot when he said he was against Wilson because he was trying to put over a league of nations.

"He appointed himself to go to Paris and wasn't willing to trust another citizen," said Watson, "but he took along 1,400 persons and spent \$1,500,000. He never paid any attention to any one he took along. There was a boat ahead of him to pour oil on the water and a boat following him with \$24,000 worth of automobiles. He went over to make peace and they thought he wanted to make peace, but he wanted to make a league of nations. He came home, and while he was home the others made the treaty, and now he wants to upset it. The treaty should have been made first, then business would have gone on as usual, but Woodrow Wilson wanted to make himself the first president of the world. I haven't the slightest doubt about that."

"To adopt the league of nations will be to undermine the independence of the United States. It will undermine the constitution. It would be the greatest calamity that ever befell the country, not excepting secession. The Senate is going to do as it thinks patriotic with that treaty. It is going to reserve the Monroe Doctrine and strike out or amend Art. 10. "Somebody in the crowd yelled, "cut out the whole damn league."

Senator Watson said that he and Senator New were working together to emasculate the league. "Shall England have six votes and this country one?" he asked. The crowd yelled "No." The crowd was delighted when Watson twisted the lion's tail.

### SPECIAL PROGRAM

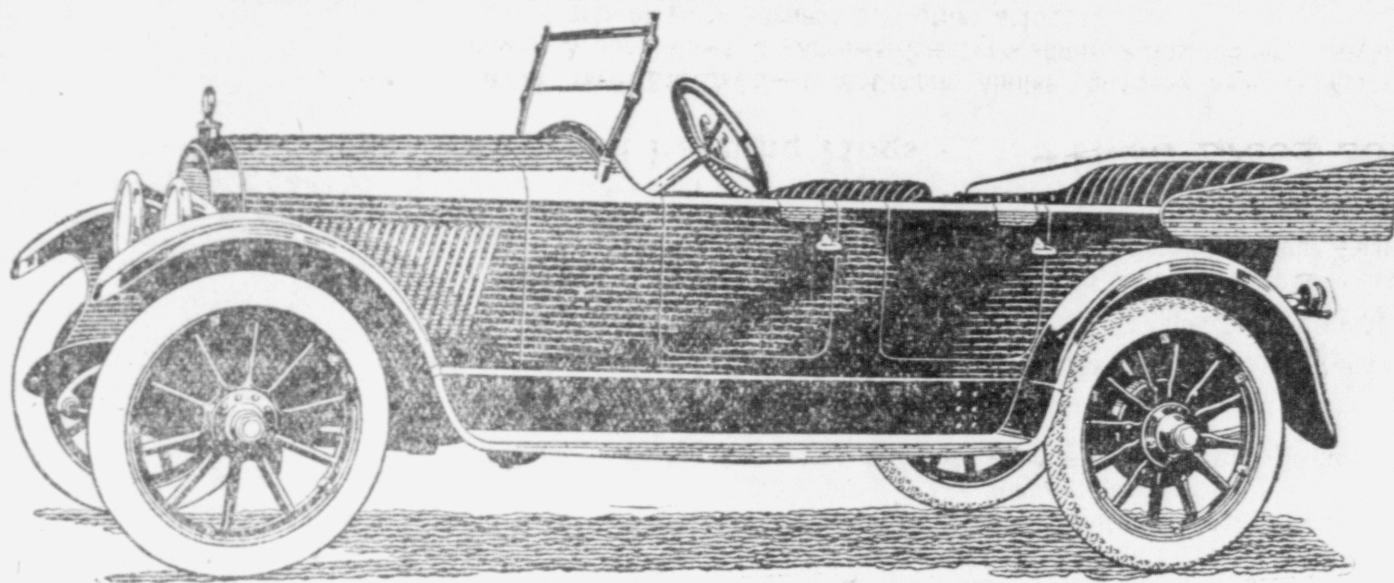

The Epworth League at Pleasant Ridge is arranging a special program for Tuesday night. It will include forty stereopticon pictures, which will be shown by the Rev. F. M. Westhafer of Arlington, illustrating important subjects and Bible lessons. The entertainment will be free to everyone.

### WEATHER FOR THE WEEK.

Washington, Sept. 15.—Generally fair weather in the Ohio valley for the week is indicated, although there are some prospects of rain. Nearly normal temperatures will prevail.

## REPORT SHOW CHOLERA KILLED FEWER HOGS

13-Month Period Reveals Heavy  
Loss Due to High Price of Hogs  
and Not the Quantity

### VACCINATION PREVENTS LOSS

According to records of the United States Department of Agriculture for the 13 months from April 1, 1918, to April 30, 1919, hog cholera killed 2,815,004 hogs, valued at \$62,042,688.16, in the United States. This is the lowest loss by numbers for a similar period in the livestock history of the United States, but on account of the high price of hogs the monetary loss was heavy. For example, during the year ending March 31, 1913, hogs numbering 6,064,470 and worth \$58,833,653 died from cholera, while the next year the disease took 6,304,320 hogs worth \$67,697,461.

Department experiments show that timeliness in vaccinating hogs against cholera is all important. When exposed hogs were vaccinated while still apparently healthy, losses amounted to only 4 per cent, but when vaccination was deferred until the animals showed external signs of sickness losses averaged nearly 20 per cent. This shows that the man who puts off the preventive treatment until his hogs are sick with cholera stands only about one chance in seven of preventing fatal results. It is important, also, to maintain hog yards and barns in clean and sanitary condition.

### PHONE HEARING HELD.

Columbia City, Ind., Sept. 15.—Commissioner Haynes of the Indiana public service commission was to open a hearing in the court house here today in the case of the Whitley County Telephone Company and the Farmer's Mutual Company for a consolidation of the two companies. This matter has been pending for some time and it was expected to be closed at this hearing.

### Stop Itching Eczema

Never mind how often you have tried and failed, you can stop itching, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy and does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

## SURRENDERS TO THE POLICE TODAY

Chase Taylor Gives Himself up and  
is Placed in Jail as Result of  
Aug. 21 Escapade

TO BE ARRAIGNED AT 4 P. M.

Escapes From Police When They  
Visit His Home Sunday—Charge  
in Circuit Court Too

Chase Taylor, better known as  
"Bill" Taylor, and a brother of  
"Chuck" Taylor, who is serving a  
sentence in the penitentiary, was  
this morning placed in jail, after  
giving himself up to the police.

Taylor has eluded the police for  
two weeks, ever since he resisted  
Policemen Newhouse and Lemons at  
the corner of Second and Main  
streets on August 31, after they had  
placed him under arrest for violat-  
ing the traffic laws. At this time  
his automobile was taken by the po-  
lice but he called for it the follow-  
ing day, and has been at liberty  
ever since.

The police have had warrants for  
him ever since the trouble happened,  
and a bench warrant was issued by  
Judge Sparks, and was in the hands  
of the sheriff. It charges him with  
operating an automobile while under  
the influence of intoxicating liquor.

Yesterday afternoon the police,  
including Chief Wilfong, Policemen  
Newhouse and Lemons, made a trip  
out to the Taylor home in Circleville  
for the purpose of arresting him. As  
the officers approached the house,  
Taylor made his getaway out of an  
other door, and was soon lost in a  
cornfield. At this time he was bare-  
footed and shirtless.

The officers took charge of the  
Ford roadster and placed it behind  
locked doors at police headquarters  
where it remained last night. This  
morning Taylor came to police  
headquarters and gave himself up,  
and was placed in jail.

Charges have been filed against  
him for assault and battery and in-  
toxication, and probably a few more  
charges will be filed later on.

Taylor was to be arraigned before  
Mayor Irvin at four o'clock this  
afternoon.

## LOCAL SUIT INVOLVING \$15,000 STARTS TODAY

Case of John Alter Et Al. Against  
Mr. and Mrs. Bert Alter For Par-  
tition Opens at Brookville.

WOULD SET ASIDE FARM DEED.

A Rush county law suit in which  
a farm in the Big Flatrock neigh-  
borhood southwest of Rushville, val-  
ued at \$15,000, is involved, began  
in the Franklin circuit court at  
Brookville this morning. The suit  
is for partition and was brought on  
March 14, 1918 by John Alter, Frank  
Alter and Claude Hilligoss against  
Bert E. Alter and his wife, Mabel  
Alter.

Christina Alter, who died in Feb-  
ruary, 1918, deeded his farm of 55  
acres, which is said to be worth  
\$300 an acre, to his nephew, Bert E.  
Alter, excluding the plaintiffs, two  
brothers and a nephew, who are also  
heirs. Before a partition is made,  
it will be necessary for the jury to  
set aside the deed. Mrs. Christina  
Alter died Sept. 30, 1917, and it is  
alleged that after her death, the de-  
fendants took charge of Mr. Alter,  
during which time he made the deed.  
John A. Tittsworth and Douglas  
Morris of this city and M. P. Hub-  
bard of Brookville represent the  
plaintiffs and Megee and Newbold  
and Donald Smith of this city and  
Jack Ross of Andersonville are at-  
torneys for the defendants.

## SCHOOL OPENING DELAYED

Union Teachers Near Linton Fail to  
Put in Appearance Today

(By United Press.)

Linton, Ind., Sept. 15.—Only two  
of the fourteen district schools of  
Stockton township, outside of Linton,  
Ind., opened today as the re-  
sult of a controversy between the  
teachers' federation and a trustee.  
A committee from the Central  
Labor union visited all schools in an  
attempt to persuade non-union  
teachers not to take up their work.  
The trustee had employed twenty  
of the twenty-six teachers required  
for the proceedings on the opening  
day.

## JOHNSON SPEAKS TO 50,000 IN FOUR DAYS

Arrives in Des Moines From Kansas  
City to Resume His Fight on  
The Peace Treaty

WHY WILSON URGES HASTE

Des Moines, Ia., Sept. 15.— Having  
addressed between 40,000 and  
50,000 men and women who cheer-  
ed him during the first four days of  
his tour, Senator Johnson arrived  
here from Kansas City, today to  
resume his fight on the peace treaty.  
"It is obvious that I am present-  
ing why the administration insists  
upon such a haste in the disposition  
of the treaty," said Senator John-  
son. "It was decided to have it hur-  
riedly approved before our people  
find out what it really means to  
them. The senate has had the treaty  
just two months while the presi-  
dent spent seven months with it, and  
the European and Asiatic powers  
preceded their secret agreements to-  
gether as the basis of the document  
as it now stands."

## REPORTED GOMPERS WILL TAKE CHARGE

Head of American Federation of  
Labor May Assume Control of  
Policemen's Strike.

RESULT OF VOTE NOT KNOWN

(By United Press.)

Boston, Mass., Sept. 15.—It was  
reported in labor circles here today  
that Samuel Gompers, president of  
the American Federation of Labor,  
will take personal charge of the  
strike of members of the Boston's  
policemen's union. This report is  
based, it was said, on the conference  
Gompers held with Frank McCauley,  
representative of the American Fed-  
eration of labor in New York yester-  
day.

Meetings of scores of unions  
throughout the city were held yester-  
day and it was said the unions  
voted on the sympathetic strike res-  
olution of the Boston Central Labor  
union. It was impossible today,  
however, to learn the result of the  
voting.

Ballots were sent to the Central  
Labor union headquarters for tab-  
ulation.

## MISTAKE POISON FOR BOOZE

One Fort Harrison Soldier is Dead  
and 5 Others Are in Hospital

Indianapolis, Ind., Sept. 15.—One  
soldier, Oliver Eager, 19, believed to  
be from South Bend, is dead and five  
others are in the hospital at Fort  
Benjamin Harrison, as the result of  
drinking poison which it is said,  
they mistook for whiskey. The men  
were prisoners at Fort Harrison.

Coroner Paul Robinson of In-  
dianapolis is co-operating with the  
military authorities in an investiga-  
tion.

## ENJOY AFTERNOON AT MASONIC HOME

More Than 150 Masons and Their  
Families From This County Pay  
Annual Visit to Institution

PROGRAM BY PHOENIX LODGE

Contribution Amounts to \$54.05,  
Which is Not Up to Mark Set  
Last Year

Although the attendance nor the  
collection came up to the mark set  
last year, Rush county Masons  
spent a delightful afternoon at the  
state Masonic home in Franklin  
Sunday. A crowd of Masons and  
their families numbering a few more  
than one hundred and fifty enjoyed  
the program prepared by Phoenix  
Lodge of this city and visited with  
the children and aged people who  
are inhabitants of the home. The  
collection amounted to \$54.05. Last  
year members of Phoenix lodge gave  
\$150, on the occasion of their first  
annual visit to the home, which sum  
has never been equaled in any of the  
Sunday free-will offerings.

At the request of S. L. Trahue,  
who presided at the meeting in the  
auditorium of the main building,  
Superintendent Boyd of the home,  
explained that the Sunday collec-  
tions would probably be used to  
equip a boys band or an orchestra  
for the home, so that the home  
could have a part in the entertain-  
ments given there, and could send  
its musical organization to Masonic  
lodges throughout the state.

Mr. Boyd said the original inten-  
tion was to apply the contributions  
to one of three purposes—a mem-  
orial arch, a memorial fountain or  
a musical organization. Since it is  
regarded as certain, he said, that the  
Scottish Rite of Indiana will erect  
the arch at the entrance to the home  
grounds and a fountain in the cen-  
ter of the circle around which the  
buildings are erected, the money will  
be used for an orchestra or band.

Before and after the program, the  
local visitors spent some time in the  
main building, which houses the aged  
Masons and Masons' widows, and  
the boys' and girls' dormitories.  
They found everything immaculate  
and the inhabitants of the buildings  
Continued on Page Three

## MAKE 2 WATERHAULS OVER THE WEEK END

Police Raid Home of Mrs. Kate  
Rowe, 124 E. Fifth, And Barn  
in Rear of Stewart's Residence.

NO ARRESTS IN EITHER CASE

The police under the charge of  
Prosecutor Stevens and Police  
Chief Wilfong, made two raids, one  
Saturday night and another Sunday  
afternoon about four o'clock, both  
resulting in a "waterhaul," as no  
direct evidence was obtained.

Saturday night about 8:30 o'clock  
the police raided the home of Mrs.  
Kate Rowe, 124 East Fifth street,  
who was suspected of operating a  
house of ill fame. The officers were  
denied entrance, and the door was  
broken in, but no one was found in  
the house except Mrs. Rowe. The  
police were informed that four men  
had left the place a few minutes be-  
fore their arrival.

The raid yesterday afternoon was  
made on a search warrant, and a  
barn in the rear of John D. Stew-  
art's house, at the corner of Harri-  
son and Tenth streets was searched  
in quest of "booze." Here the police  
found no direct evidence, but dis-  
covered eighteen empty whiskey  
bottles.

No arrests were made in either  
case.

## DEFENDANT WINS JUDGMENT OF \$790

Circuit Court Jury Reaches Agree-  
ment Sunday Morning at 12:15  
After Taking 20 Ballots

DELIBERATES NINE HOURS

Evidence Discloses Pratt Put up One  
of Goldman's \$400 Notes as  
Security For Bar Bill

The jury in the case of Pratt vs.  
Goldman, found for the defendant,  
after twenty ballots were taken, and  
awarded Late Goldman \$790 judg-  
ment. The jury did not reach a de-  
cision until 12:15 Sunday morning,  
getting the case in the middle of the  
afternoon of the previous day.

The case was an attempt on Hor-  
ace A. Pratt's part to collect on  
three \$400 notes which were given  
him in payment for a stallion pur-  
chased by Late Goldman in 1913. It  
was found by the Goldmans, who  
conduct a stock raising farm, that  
the stallion was not a breeder and  
had been misrepresented to them,  
and they stopped payments on the  
notes.

Mr. Pratt, on the witness stand  
Saturday afternoon, testified that  
one of the \$400 notes was now in  
the hands of Mrs. Hanna, mother of  
a former saloon keeper in Green-  
field. He explained to the jury that  
several years ago he purchased  
drinks in the saloon which amounted  
to \$20 and he borrowed \$10 from  
the saloon keeper, giving him the  
\$400 note as security. Mr. Hanna  
has since left Greenfield, and the  
note is now in possession of his  
mother, who resides in Greenfield.

The case went to the jury about  
three o'clock Saturday afternoon,  
and the judgment was not given un-  
til early Sunday morning, which  
amounted to \$790 in favor of the  
defendant.

With most of the attorneys out of  
the city today, there was practical-  
ly nothing going on in court, and  
the jury was not summoned for this  
morning. The prospects today were  
for a light week in court, nothing  
of much importance was placed  
on the docket for the week.

Most of the week will be spent  
with grand jury investigations, as  
Judge Sparks has called a grand  
Continued on Page Two

## ENTER LAST WEEK OF FARMERS' DRIVE

Organizers for Indiana Federation  
of Farmers' Association Hope to  
Reach Goal Friday.

MEETINGS FOR EVERY NIGHT.

Organizers for the Indiana Fed-  
eration of Farmers' associations to-  
day entered the final week of the  
campaign to obtain members for the  
association and to raise Rush coun-  
ty's quota of the \$200,000 guaran-  
tee fund to be subscribed in the  
state. The campaign will end Friday,  
when it is expected an oversubscrip-  
tion of the sum will be announced.

The first meetings in the county  
campaign were held at Richland and  
Milroy last Friday night and many  
new members were recruited. To-  
night's meetings will be at New Sa-  
lem and Center church and tomorrow  
night meetings will take place at Ar-  
lington and Gings. The schedule  
calls for gatherings at Moscow; Car-  
thage and Osborn school in Jackson  
township, Wednesday night and at  
Raleigh and Manilla Thursday night.  
The meetings will be addressed by  
T. A. Coleman of Purdue, L. M.  
Vogler of Hope, district director;  
Howard Eubank, secretary of the  
county organization, and others. The  
goal is a seventy-five percent enroll-  
ment in the county.

## REFUSES 12-YEAR-OLD GIRL

Clerk Denies Marriage License to  
Bessie Adams and Soldier

County Clerk, Loren Martin, this  
afternoon refused to issue a mar-  
riage license to a couple, on several  
grounds. Acie Stamper, aged 22  
and a soldier in service, giving his  
address at Kentucky, appeared with  
Bessie Adams, who said that she  
was living with her sister in Knights-  
town, and gave her age as 12. The  
girl was not tall enough to reach  
the top of the counter, and even  
though her age kept her from get-  
ting a license, she was not a resident  
of this county. Several people re-  
marked that the man should be turn-  
ed over to the police for contribut-  
ing to the delinquency of the child.

## ONLY ONE SPEECH ON PROGRAM TODAY

President Wilson Carries Fight For  
Ratification of The Peace  
Treaty Into Oregon

TALKS AT PORTLAND TONIGHT

(By United Press.)

Aboard the President's Train Ap-  
proaching Portland, Oregon, Sept.  
15.—The fight for ratification of the  
peace treaty was carried into Ore-  
gon by President Wilson today.

His speech-making program was  
considerably lightened, however.  
Only one address was scheduled, to  
be delivered at 8 p. m. The rest of  
the day was to be given over to  
sight-seeing and recreation.

Wilson is conserving his strength  
for the offensive into California, the  
home state of Senator Johnson, who  
is on a speaking tour in opposition  
to the treaty.

The president planned to make a  
trip on the Columbia river highway  
and to attend a luncheon. He also  
was to meet many crowds assembled  
at different parts of the city to  
greet him and there was a possibility  
that he might make a brief address  
at one of these gatherings.

The president, when he enters  
California, is expected to get more  
information with regard to the  
projected strike in protest against the  
life imprisonment of Thomas J.  
Mooney, labor leader, convicted of  
implication in the preparedness par-  
ade bomb explosion in San Fran-  
cisco in 1916.

## OFFICIAL DISPATCH FROM CAPT. KIPLINGER

Message Received by State Depart-  
ment May Have Been From  
Rushville Man Overseas

TELLS OF ITALIAN ADVANCE

(By United Press.)

Washington, Sept. 15.—The state  
department today received an offi-  
cial dispatch from Capt. Kiplinger  
at Fiume, telling of the advance of  
Gabriel D'Annunzio and his Italian  
troops on the city.

All Fiume shops are closed, it  
was said, both in protest of the  
conditions there and in fear of the  
danger from Italian troops reaching  
the city. No damage thus far has  
been done.

The Capt. Kiplinger referred to in  
the above dispatch may be from  
Capt. John H. Kiplinger, Rushville,  
attorney, who has been overseas for  
more than a year. Mrs. Kiplinger  
said this afternoon she had no word  
to the effect that he was in Fiume,  
but that he might be there. The last  
direct news she had from him, Capt.  
Kiplinger was in Switzerland and  
expected to be back in Paris, where  
he has been stationed most of the  
time, by August 30.

## CALLS UP TREATY IN SENATE TODAY

Senator Lodge Formally Makes it  
Order of Business and First  
Gun in Fight is Fired.

JONES OPENS DISCUSSION

Sen. McCumber, Republican, Files  
Dissenting Report, Objecting to  
Majority Reservations.

(By United Press.)

Washington, Sept. 15.—"I call up  
the treaty of peace with Germany."  
With these words, Senator Lodge,  
chairman of the foreign relations  
committee, today formally opened  
the discussion in the senate, of the  
peace treaty as reported by the com-  
mittee.

For the first time in the senate's  
history, a great treaty was con-  
sidered in open session, instead of  
behind closed doors.

Immediately after Lodge had for-  
mally made the treaty the senate's  
business, the first gun in the bar-  
rage of speeches from the democrat-  
ic side of the chamber in favor of  
unqualified ratification was fired in  
a speech by Senator Jones, New  
Mexico. Jones, one of the treaty's  
most ardent supporters, will be fol-  
lowed tomorrow by Senator Over-  
man of North Carolina, who is also  
in favor of its ratification as it  
now is.

Changes in the peace treaty pro-  
posed by the senate foreign relations  
committee are "couched in a de-  
fiance of discouragement and over-  
bearance and seem to be expressed  
in a jingoistic manner and ought to  
be eliminated from the American  
standpoint," Senator McCumber,  
North Dakota, republican, declared  
in a dissenting report laid before  
the senate today.

McCumber headed his report as  
the view of a minority and urged  
that his fixed reservation, stated  
recently, be adopted instead of those  
inserted by the foreign relations  
committee.

He took exceptions to the entire  
attitude of the Republican majority  
report.

## TWO CARS STOLEN; ONE IS RECOVERED

Ford Belonging to Clifford Carroll  
Taken Saturday Night and  
Found Sunday Morning.

PETER GILSON'S MISSING YET

Two automobiles were taken Sat-  
urday night, one belonging to Clifford  
Carroll and the other to Peter Gil-  
son, both living north of Rushville.  
The Carroll machine was located  
Sunday morning by Chief of Police  
Wilfong in North Harrison street,  
and had probably been taken by  
some one for a "joy ride." Both  
machines were Ford touring cars.

The Carroll machine was left  
Saturday night near the K. of P.  
hall and was not there at eleven  
o'clock when the owner went to go  
home. He notified the police, and  
it was not located until early Sun-  
day morning, and from appearance  
had not been badly abused, nor  
driven far.

The Ford belonging to Peter Gil-  
son, who lives about two miles north  
of Rushville on rural route ten, was  
left early Saturday night in West  
First street, near the J. C. Ellman  
motorcycle shop. At nine o'clock it  
was gone, and no trace has yet been  
found.

The license number was 253371.  
Mr. Gilson stated that the car had  
been driven only about 3,000 miles  
and was in the best of condition, be-  
ing practically a new car. No clue  
was given the police, and it was not  
found yet late this afternoon.

## You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will? Do not try to rub the pain away, for you never will succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has no equal as a blood cleanser, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system. Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 49 Swift Laboratory, Atlanta, Ga.

## This Farmer Knew

A few days ago a farmer came to our yard in search of wire fence. We priced him the kind that he inquired about.

"Ho, ho," says he, "I can buy this fence 25c a rod cheaper elsewhere."

We tried to convince him that such a buy would be utterly impossible—far below even the retailer's cost price.

"But no," says he, "I know."

A little later he brought us a sample of the fence he talked about.

These are the facts:

It was a 12 inch instead of a 6 inch mesh.

The wire ran fully 1/2 gauge too low.

When we called his attention to these facts, he bought a large quantity of fence from us.

If you buy your fence from our yard, you will get full gauge wire, and it will be what we say it is.

## PUBLIC SALE

General Farm Property and 40 Head Dairy Cows

Having rented both of my farms and retiring from the dairy business, I will sell at public auction all of my horses, farming implements and all of my dairy cows and heifers at my farm, 5 miles west of Greensburg, Indiana, and two miles southwest of Adams, on

**THURSDAY, SEPTEMBER 18, 1919**

the following property:

### 8 Head of Mares and Mules

Consisting of two spans of good mules and one span of extra fine black mares, six years old and weigh 3,000 pounds, a fine pair, nice driving mare, and one very fine yearling filly.

### 55 Head of Dairy Cows and Heifers

Consisting of selected lot of 52 milk cows 12 of which have calves at foot, some springers and some in full flow of milk. These cows are Jerseys, Holsteins and a few good milking Shorthorns, and are a splendid lot, having been selected in the last few years for their milk and butter fat qualities. Only one or two carrying any age, all sound bags except two. 12 extra nice young heifers, grade Jerseys and Holsteins. My herd bull, "Logan's Jolly Lad," a fine registered Jersey, will go in the sale.

A full line of farming implements and harness. Lot of milk cans, DeLaval separator and other things incident to a well equipped dairy.

Do not confuse these cows with cows and heifers shipped in or picked up for sale for they are all good and have been in use in my dairy and all can sell to the highest bidder as I have QUIT and farms are now turned over to renters.

1,000 Pounds of P. E. Hog Powder.

TERMS MADE KNOWN DAY OF SALE

Sale Begins at 10:00 Sharp.

### DEFENDANT WINS JUDGMENT OF \$960

Continued from Page One  
jury for in the morning. Several people have been summoned, but the nature of the investigations is not known. The original panel of the grand jury was shaken, and three members were dismissed, the others being Harry Gosnell, J. N. Northam and John K. Stiers.

The panel which will constitute the grand jury as selected this morning, will consist of the following jurors: Henry G. Wilson, Joel G. Carson, Samuel Cohee, E. G. Jones, Charles Kennedy and O. M. Siler.

## Run Down?

Kidney and bladder troubles are not limited to men. Housework, or work in office or factory, causes women to suffer from weak, overworked or diseased kidneys. The symptoms are: puffiness under the eyes, swollen skin, constant tired feeling, lack of ambition, nervous condition, headache, rheumatic pains, sore muscles, stiff joints.

## Foley Kidney Pills

Get right at the cause of suffering and misery, regulate the kidneys and bladder and restore the diseased organs to sound and healthy condition.

Mrs. Wm. Fischer, 2009 Woodhorne Ave., Louisville, Ky., writes: "I am just getting along fine. I am taking Foley Kidney Pills every night. You should have seen me before I started. I was yellow as gold, now my eyes and skin are all cleared up. My kidneys do not bother me at night any more. If it will help some other poor soul who is suffering, you may use my name wherever your medicine is advertised."

## MANY BALL GAMES IN COUNTY SUNDAY

Rushville Tail Lights Lose to St. Paul, 6 to 1, and Andersonville Defeats Milroy

### DIVIDE A DOUBLE HEADER

Homer and The Tugs, Shelbyville Colored Team, Play Two Games —Arlington Red Sox Lose

The Rushville Tail Lights were defeated yesterday at St. Paul, by the score of 6 to 1. In the first inning, Bennett, Rushville's pitcher, was knocked out of the box, St. Paul getting 5 runs. Jesse Taylor was then placed in the box for Rushville, and the game was close from then on, each team scoring only one run each. The Tail Lights played good ball, and would probably have won, had it not been for the bad start. The next game will be a return game on the Andersonville diamonds next Sunday, and the local team expects to give the Andersonville team a beating. Many local fans accompanied the team, and an effort will be made this week to have an unusually big crowd go with them next Sunday.

While the Rushville Tail Lights were being defeated at St. Paul yesterday, several other Rush county towns were enjoying baseball games. At Arlington, the Red Sox met defeat at the hands of the fast Lewisville team, by the score of 6 to 1. The Lewisville aggregation is considered the fastest team around here playing the class of ball that is being played in the smaller towns this year. The visitors proved too much for the Red Sox, but the fans enjoyed a good game.

In Milroy, the Andersonville team handed Milroy the short end of a 4 to 3 score, in a fast game of ball, which was witnessed by a big crowd of fans from Milroy and Andersonville. The Andersonville team has defeated several teams this year and last Sunday a week ago, handed the Rushville Tail Lights a defeat.

Down at Homer the fans were treated to a double header, with the teams dividing the honors. The Shelbyville Tugs, a colored team, won the first game by the score of 10 to 6 and in the second game lost to the Homer team by the score of 7 to 4. Peck Orme, a well known pitcher, was on the mound for the Homer team, and pitched good ball throughout both games.

Teams representing the Rushville furniture factory and the Charles E. Francis company met on the ball lot near the Modern Appliance building Sunday morning and the furniture workers won by the score of 13 to 11.

### TO REPRESENT EMPLOYES

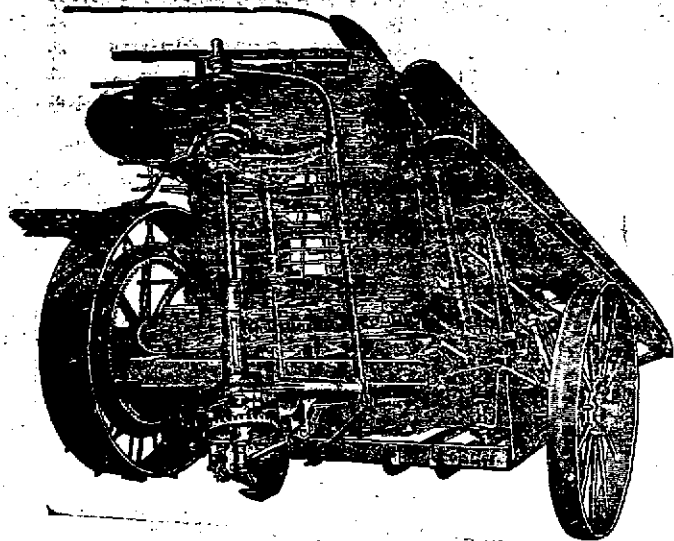

C. H. Browns Selected to Appear Before Commission at Cincinnati.

Charles H. Brown, assistant postmaster of this city, was selected yesterday at a meeting of the Indiana branch of the National Association of Supervisory Postoffice Employees in Indianapolis, to represent assistant postmasters and supervisory employees of Indiana offices at the hearing at Cincinnati Sept. 22 and 23, before the joint commission on postal wages recently appointed by congress. Mr. Brown is president of the Indiana branch of the national organization. Employees from Kentucky and Ohio will also be heard, and their representatives will be consulted. Mr. Brown said, before going before the commission. About thirty-five members of the association from all parts of the state were present yesterday.

#### FIFTH QUAKE IN A WEEK

Ureka, California, Sept. 15.—The fifth earthquake in a week struck this section today, demolishing a number of chimneys. It was the most severe of the series and was accompanied by a rumbling resembling thunder. Another shock was felt at nine o'clock this morning.

Vern King is building a fine residence on his farm southeast of Salem.

## The Massey-Harris Stands That Test as No Other Corn Binder Can

And the reason that it does is very clear. It has all of the desirable features found in the usual Corn Binder construction and in addition, has several exclusive ones that contribute much to its efficiency, outstanding among which is a wider range of adjustment for accommodating all heights and kinds of corn—an adjustment which can be operated with speed and accuracy. Whether the crop be the supple kaffir corn of the Southwest, the large, firm varieties of the Corn Belt, or the short growths mixed with grassy bottoms, this machine will harvest it in a way that will always please. Just keep that fact in mind and in connection with it consider the following which will show you conclusively why the Massey-Harris Corn Binder is the machine best suited to supply your needs.

IT IS BACKED BY NEARLY 70 YEARS EXPERIENCE IN IMPLEMENT BUILDING AND IS THE CULMINATION OF 16 YEARS OF STUDY AND DEVELOPMENT.

## Public Sale

Having rented my farm and having no further use at present for farm tools and work stock, I will offer at public sale at my farm, 2 miles north and 1/2 mile east of Rushville, Ind., the following property, on

**SATURDAY, SEPTEMBER 20, 1919**

SALE TO COMMENCE AT 10:00 A. M.

### 9 Horses and Mules

One bay gelding 13 years old, a coach bred horse, slightly blemished on fore legs, otherwise sound and a splendid farm horse and a good driver. One bay gelding 9 years old, a fine actor and a splendid general purpose horse, sound and of fine character. A person wanting a good farm horse and a carriage horse combined would not make a mistake in buying him. One bay mare 10 years old with mule colt by her side and in foal by the sire of her colt. This mare is a good mare anywhere she may be hitched and has been used as the family driving mare for the past three years. One sorrel mare 6 years old, well broke and a good driver. One pair of 3-year-old mules, a bay and black; was broke at 2 years of age. One pair of mules, one 11 years old, a big strong horse mule, sound and well broke to work double or single, a good line animal and a great puller; his mate is a mare mule 7 years old, a beautiful animal and as good as she looks. One old mule 20 years last fall. She is the pet of the farm, gentle and kind and the best work animal I ever owned; she has worked all this season and is good for ten or twelve more.

### 4 Head of Cows

One Jersey cow with calf at side; two cows, Jerseys, to be fresh some time in October; and one Jersey cow fresh in July last, now giving a good flow of milk. These cows are all splendid milk cows and their milk is rich in butter fat. One heifer calf five months old.

### 8 BROOD SOWS WITH PIGS AT SIDE.

STANDING CORN IN THE FIELD.

### 20 TONS OF CLOVER HAY IN THE MOW. RYE STRAW Baled.

FARM IMPLEMENTS—2 good farm wagons, 1 McCormick 8-foot binder, almost new, 1 McCormick mower, 1 hay loader, 1 disc harrow, double and 1 disc harrow single, 2 two-row Janesville corn plows, one Planet Junior corn plow, 1 spring-tooth cultivator, 1 shovel cultivator, 1 single shovel potato digger and 1 double shovel cultivator, 2 Oliver riding break plows, 1 walking break plow, and 1 steel roller, 1 wooden drag for 4 horses, and 2 wooden one-horse drags to use in growing corn, 1 one-horse weeder, 1 spike-tooth harrow, 1 corn planter with fertilizer, 2 one-horse wheat drills with fertilizer compartment, 1 fanning mill, Harness for 9 horses; forks; shovels; hoes and many small tools and implements necessary on the farm; 1 large size gravel bed made of Linden wood, 2 hog racks and three flat beds; one buggy and a set of buggy harness.

### 1 GOOD USED 4-PASSENGER AUTOMOBILE IN GOOD CONDITION.

TERMS OF SALE—On all sums of Twenty Dollars or less cash will be required before articles are removed. On all sums over Twenty Dollars a credit of six months will be given without interest, drawing 6 per cent interest after maturity. Three per cent discount for cash. All purchases to be settled for before removal of same.

DUSTY MILLER, Auctioneer. L. R. WEBB, Clerk. Lunch served at noon by Aid Society.

### Sh Passenger Cars in Three Prizes in Auto Fashion Show

Further honors came to Nash passenger cars when they were awarded three prizes at the automobile fashion show held in conjunction with the Sedalia, Mo., State Fair. The awards were based upon appearance.

After a review before 10,000 spectators who crowded the grand stand at the state fair grounds and in combination with numerous cars of other makes the Nash entries, all driven by women, got first and third places in the sport and roadster class respectively and third place in the touring car class.

Nash closed cars were entered in the fashion review, thus with this distinction three prizes out of a possible six is regarded as an excellent showing.

The Nash sport model which won first and third prizes in the sport roadster class is of a design which is exceedingly attractive. The car, with its long, gracefully curving lines is hung low upon a base of 121 inches. It is painted in a light green while the fenders and running gear are glossy black and trimmings, including four outdoor handles, are of nickel. Two windows in the rear are fitted with tinted glass.

The equipment of this model includes legal head-light lens and five wire wheels. Other equipment includes a running light, foot rest and roge. The car has an air of refinement calculated to please the most discriminating.—Adv.

**ENJOY AFTERNOON  
AT MASONIC HOME**

Continued on Page Two

surrounded with every comfort. They also found the hospital a well equipped and well operated institution.

A duplicate of the girls' dormitory is being erected to take care of the surplus of girls who have lately been admitted to the institution. There are twice as many girls as boys and present quarters are not large enough for them. The children attend the Franklin public schools. The youngest child in the home is a little girl two years old.

The program opened with a selection by a quartet composed of Mrs. George Wiltse, Miss Mabel Cornwell, the Rev. C. S. Black and Dr. Frank M. Sparks. Following the scripture reading by Mr. Trabue, the singing of "America" by the audience, a prayer by George Wiltse and a vocal solo by Miss Cornwell, music taught in the Rushville schools, the Rev. Mr. Black spoke for forty-five minutes. The program closed with a cornet solo by Miss Vivian Harris, a member of the high school faculty here, and the singing of "Blest be The Tie," after the collection was taken.

The Rev. Mr. Black said he was filled with pity and gratitude when he saw the children march into the auditorium—pity when he thought of the environment which had caused them to be in the home, and gratitude for the spirit which had brought about the erection of such a home, with Christian surroundings and everything that is needed to develop Christian men and women.

The speaker dwelt on the comforts of the home and showed what really brings comfort in life. He pointed out that half of the troubles and worries of life are imaginary and borrowed, and that to be satisfied, one must be honest and God-fearing.

## "The Hoodlum"

The romance of a spoiled heiress who dropped through a coal chute to real life and adventure. She found shooting craps in the gutter more fun than a tea party with snobs. And that a real baby is infinitely more beautiful and interesting than a thousand French dolls. It's a great picture—as good as "Daddy Long Legs."

### A Chance For The Farmer

The response with which organizers for the Indiana Federation of Farmers' Associations have met in Rush county, shows that local farmers are alive to the necessity of organization and are going to take advantage of the opportunity offered by the new association to get together and protect their own interests.

Farmers have been bemoaning their fate for years—the fact that they could do nothing in an organized way when labor and capital were working for their own interests successfully. Now they have the chance to act in an intelligent way and protect their rights at a time when the buyers of live stock are driving down the market for their own benefit with a heavy loss to producers and no gain for consumers.

Farmers of Rush county have lost hundreds of thousands of dollars through the drop in hogs and cattle, but consumers are paying the same price as they did before the market went down. It is a natural human instinct for the farmers to protect themselves against such onslaughts as have been taking place in the live stock market, and an organization such as the Indiana Federation of Farmers' associations is the only alternative.

The average farmer would have no complaint about the falling off of live stock prices if the consumer were deriving the benefits, but the difference between what the prices formerly were and what they are now, are merely enriching the packer, who has made the farmer the "goat" on many other occasions. Numerous instances can be recited of Rush county farmers who have lost \$10,000 or more because of the packers forcing the live stock market down in the last few weeks. The drop in hogs has amounted to six cents a pound, yet the retail prices remain the same, and the big buyers of live stock are pocketing the difference which rightly belongs to the producers.

There are no socialistic or Bolshevik tendencies about the Indiana farmer. He can organize to protect his interests and the consumer may have no fear of his taking advantage of the opportunity to do the thing which we have seen the packers do in the last few weeks. He can be trusted with power and the

trust will not be violated, such as has been the practice of a majority of the labor unions.

We will all have to admit that raising stock is too big a game of chance, when the other fellow can control the price at his will. The producer of any manufactured article is practically certain what he will get for his goods when he makes them, but the farmer may buy \$20 hogs and feed them \$2.00 corn, and then only get \$17. for them when they are ready to sell.

### Never Again.

It was not altogether unnatural that the members of the American Legion should have seemed disposed to neglect universal military training as part of their program and purpose.

The most recent recollections of army men will hardly nourish in them an abiding affection for army life. Their vivid retrospects will not be pleasant ones. They will feel like men who have lately recovered from a lingering disease.

And it is not so much the thought of dangers faced and hardships undergone that paints a sombre color on the picture. It is the deadly monotony of the daily routine, and the more trivial grievances, such as unpalatable meals, ill-cooked food, bad sleeping quarters, and the like.

And one thing even worse. The misery of being everlastingly "bossed", without the divinely sweet alleviation of being able to "jaw back", which every laborer enjoys, who does not mind being fired—and few of us do. Most of the army men were, necessarily, privates or non-coms; and a man who has gone through continuous hectoring—very often from junior officers whose mental equipment was, all things included, inferior to his own, has little enthusiasm for making military training universal.

Now that the flag-waving and the hand-playing is over, we are getting cold facts, instead of sentiment and hysteria; and we know that conditions in the army were bad. Our private soldiers do not whine, but when we ask them for the plain truth we can get it. The food was often unhealthy, even in training camps. Hospital facilities were, in many cases, far from adequate. Many officers were only half-trained, and, like most incompetent men in authority, inclined to substitute petty tyranny for the leadership which real efficiency guarantees.

So the members of the Legion do not wax zealous over universal military training.

But they overlook a vital fact. All the evils of which they complain were caused by lack of that very preparation which they now discountenance. If we had been ready, officers would have been fully trained, rations would have been efficiently handled and distributed, hospital facilities would have been ample. Considering our unreadiness, we did remarkably well—though badly. It is surprising that our officers learned as much as they did—in the time allotted.

If we get ready for war, we are not likely to have one. If the members of the Legion wish to keep out of khaki, let them indorse military preparedness.

### Death in the Mines

The death rate among miners is high in many countries. A miner's work is performed under certain physical risks. But the death rate is nowhere as high as it is in America. This fact may seem surprising, as we are inherently a humane nation, and we give rather more protection than other countries to the manual worker.

It can not be attributed to the extreme pressure of working conditions—to intensive development and high production. There is a symptom that discourages this theory, and it is rather a sinister one. There are twice as many accidents among miners who can not speak English as among those who can.

Owing to the perilous nature of the work various warnings are printed for the protection of the workers, on handbills and notice boards, and most of the English speaking miners can read them. The notices are also printed in foreign tongues, but they do little good. Those who speak those tongues are, more often than not, illiterate.

They are allowed to vote, although they do not know enough to enable

### Sap and Salt

By BERT MOSES

One good way to help others is to leave them alone.

The supply of kisses always seem to equal the demand.

It isn't much of a virtue to be good when you are sick.

Politics is an institution that compels men to vote for things they are opposed to.

Brilliance in a man rarely gets him to the destination unless there is honesty combined with it.

Hez Heck says: "A big per cent of the people seem to hold the notion that the sole idea of life is fun.

them to safeguard their own bodies. It is vital, for their own well being as well as for ours, that they should be able to efficiently do both.

Then we will read of less accidents in the mines, where life pays the penalty.

Bolshevism has spread its red wings very generally over Europe, and is even invading this country to a dangerous degree. The man who can not respect the American flag and American institutions should be conducted to the border line and kicked across.

Twenty-six percent of the men mobilized by France were lost in the war. The injection of American blood in the repopulation of the country would do much toward raising France again to the proud position of eminence it once occupied in the community of nations.

A former American in Canada thinks the United States made a poor showing in the war. But he only thinks—he hasn't brains enough to know.

Some people do not believe in footing their own horses, but are even more averse to having them remain untended.

### EMPLOYERS DECIDE UPON A FEDERATION

Beginning of Organization is Started in Chicago With Charles Piez At Its Head

### FORMER SHIPPING BOARD HEAD

Chicago, September 15.—An actual start toward federation of employers of the country as recommended by the recent "our country first" conference has been made by the Illinois Manufacturers' Association by appointment of a committee representing fifteen organizations, with Charles Piez former head of the shipping board, as chairman.

The committee will ask chambers of commerce, agricultural and other bodies to endorse the resolutions adopted at the conference, which urged a federation of employers.

"Manufacturers are awakening to the fact that they have got to present their own views collectively at Washington if they expect to get what is their due in the way of legislation," said Mr. Piez, in stating that the purpose of such a national union of employers would be "to look out for the interests of business."

### TRUCKS GOING TO RUIN

Government Motor Trucks Are Rotting in The Open

Washington, Sept. 15.—Brig. Gen. Charles B. Drake, chief of the motor transport corps of the Army, has testified before the war investigating committee that more than four hundred communications calling attention to the fact that thousands of motor trucks and automobiles belonging to the Army, were going to ruin, had been sent to the Director of Sales, but without result. He said the Director sent them back with the comment that he didn't care for "any instruction on this matter."

### WILSON PLAN ALREADY HOPELESSLY BEATEN

52 Years Ago President Johnson Started Out on Speaking Tour After Using Veto Power.

### REMEMBER WHAT HAPPENED

Washington, Sept. 15.—This is the second attempt in the history of the country "to compel legislative subordination to executive decree", according to Representative Fess of Ohio. The first such effort, akin to the one Mr. Wilson is now making, was by President Andrew Johnson.

Mr. Fess drew a comparison between the effort President Wilson is now making and the one of President Johnson in 1867 following the free exercise of the veto power by the executive. President Johnson declared he would carry the contest to the country and started out just fifty-two years ago making speeches to large crowds. What happened to President Johnson is well known.

Demonstrative crowds greeted Mr. Johnson on his tour. Mr. Fess pointed out, and his utterances increased in acrimony with the progress of the tour. Acrimonious as President Johnson became there is no record showing that he said any member of Congress should be "gibbeted."

### Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

The world's champions were at it on the base ball field and every man with sporting blood in his veins robbed a bank if that was the only way to raise the wind and invade the bleachers. Duffy, a taxicab driver, was scraping the curb outside the league grounds when he saw a familiar figure coming along in a blind-man act, with goggles, tin cup, cane and tottering walk.

"Hey, McArthur, is that you?" called Duffy, much shocked. It was! "How long since you been took blind?"

McArthur did his stage walk to the curb and said, "I ain't. I'm gittin' fifty cents a hour substitutin' for Kearney who works this blind beat. He's seen the ball game."

CASH PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. ### Simple Home Remedy Advised For Rose And Hay Fever

Anyone Can Make a Pint For  
Trifling Sum and Used In  
Time May Prevent  
Annual Attack

"No matter how severe your yearly attack be, No matter how distressing or humiliating—Its intensity can be reduced to a harmless, mildness," says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Four one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

### FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With  
Lovely Teeth,  
Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of **SENRECO TOOTH PASTE** for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about **SENRECO**. It's a most delightful and refreshing tooth paste.

## ATTEMPTS PRESERVE CIVIL SERVICE, FIRED

Charles Galloway, Retiring Member  
of Civil Service Commission  
Locks Horns With Burleson

### OVER POSTMASTER SYSTEM.

Washington, Sept. 15.—Investigation is demanded in Congress of the Post Office Department in connection with its relations to the civil service commission. Such an investigation which has been frequently suggested is looked upon as probable and the pressure for it has been much increased by the statement of Charles M. Galloway, retiring member of the civil service commission.

Mr. Galloway charges that he was ousted because he refused to allow the commission to be made a political machine by Postmaster General Burleson. Mr. Galloway charges that Herman W. Craven is a Republican.

It has been well known here for many months that Mr. Galloway and Mr. Craven persistently opposed Mr. Burleson's plan for applying political methods to the appointment of postmasters who are supposed to be selected under the merit plan in harmony with the spirit of the civil service.

### "The Hoodlum" For 3 Days

The willingness of a girl to sacrifice wealth, comfort and luxury to which she had been accustomed in order to live with her father although his abode was a tenement house forms the central theme in "The Hoodlum," starring Mary Pickford, produced by her and which will be seen commencing with tonight at the Princess theatre, and continuing for three days.

As Amy Burke, Miss Pickford's station in life switches from one of chummy-roadsters, crepe de chine frocks, unids and money to push carts, poverty-stricken districts, the garb of the destitute and crap-games with the East Side boys.

Amy's wealth was brought about by her prosperous grandfather, a power in the financial world, and her poverty results when she chooses to be the only bit of pleasure in the life of her poor father who devotes his time to sociological writing. In the tenement district Amy discovers a friend who has been sent to a prison by the millionaire Guthrie, her grandfather.

How Amy's determination to re-instate the man her grandfather wronged in his proper sphere leads

her into the hands of a merciless police system and ultimate happiness makes a very interesting and pleasing end for the feature.

### 15th Episode of Serial.

The fifteenth episode of "The Red Glove," in which Marie Walcamp has the stellar role, will be at the Mystic tonight with an L-Koomed, "Call the Cop" and a Universal news reel.

A mighty Zeppelin plunging to earth from aloft, flaming and smoking like a giant meteor, forms a tremendous climax in the latest Thomas H. Ince spectacle, "The Zeppelin's Last Raid," to be shown at the Mystic Wednesday. This production is the initial release of the recently organized U. S. Exhibitors' Booking Corporation and has occasioned widespread comment throughout the picture world for its unusual scenic effects.

Surpassing in point of dramatic intensity and scenic investiture even "Civilization," Mr. Ince's first great spectacle, "The Zeppelin's Last Raid," forms a landmark in the career of the famous master of lights and shadows.

Today an Ince production means standard of artistic merit in the film industry. So when a spectacle of this making is announced one may expect a product of unprecedented quality. Such a picture is "The Zeppelin's Last Raid."

### WORK IN E. A. DEGREE

Regular work in the E. A. degree of Phoenix lodge No. 62, T. & A. Masons will be held promptly at 7:30 o'clock, Tuesday evening. A large attendance is desired.

### BUTTONS TO SOLVE THE DOMESTIC HELP PROBLEM

New York, Sept. 15.—Buttons in the wall will replace the servant girl and end the hired help problem, according to electrical experts who are planning the Electrical Exposition, to be held in Grand Central Palace, New York, beginning September 24.

A model home will be constructed at the Exposition with buttons in many places which will control electrical contrivances designed to do anything a servant can do, from serving breakfast to dusting.

The idea originated with Arthur Williams, federal food administrator for New York, who is also head of the Electrical Exposition.

### GERMAN SPIES ESCAPE.

Salt Lake City, Utah, Sept. 15.—From ten to seventeen German spies escaped from the Compound at Fort Douglas, here today. Four men believed to be some of the escaped enemy aliens were captured before noon at Ogden.

### CALL TO BANKS

POULTRYMEN TO MEET.

Lafayette, Ind., Sept. 15—Arrangements are being made at Purdue University for the meeting of members of the Old Indiana Poultry Association which will be held here October 3 and 4. The Hoosier poultrymen will visit the university poultry farm which is one of the best equipped of any experiment station in the country. U. R. Fishel of Hope, is president of the Indiana association.

NOTICE OF APPLICATION TO INCREASE TAX LEVY.

Pursuant to Sections 200 and 201 of an act concerning taxation, approved March 11, 1919, State of Indiana, Rush County, ss: In the matter of the application of Rushville School City to raise more taxes.

Notice is hereby given that the taxing officers of Rushville School City have filed with the State Board of Tax Commissioners a petition to raise taxes in excess of those for the preceding year, for the purpose of paying teachers' salaries, needed repairs, supplies and necessary expenses.

A public hearing on said application will be held at Indianapolis, Indiana, on the 18th day of September, 1919. All taxpayers and all persons interested are notified to be present at said hearing.

Rushville, Ind., Sept. 13, 1919.  
L. L. ALLEN,  
Secretary School Board.

TAX BOARD BEGINS ITS FOURTH SESSION

Final Meeting Will be Final Resort For Cases Of Appeal From Unjust Assessments

FIRST 30 DAYS FOR REVIEW

(By United Press.) Indianapolis, Ind., Sept. 15.—State tax commissioners today began their fourth and last session of the year—a final resort for cases of appeal from unjust assessment.

During this session the board has the power to review, reassess or assess originally any property, real or personal, in any taxing unit of the state. The law is not interpreted by the board to mean that it shall go into every complaint against alleged improper assessment, but that before the assessments are closed for payment of taxes next year, there shall be a last resort for right-of emergency cases.

Fred Sims, chairman, pointed out that if the appeals are too numerous the taxation machinery will be clogged and justice to the persons or corporations really suffering will be delayed.

The first thirty days will be given over strictly to review and final determining of tax levies of all taxing units and also to original fixing of state levies.

SUNDAY SCHOOLS MEET.

Indianapolis, Sept. 15—The fortieth annual convention of the Marion County Sunday school association will be opened at the First Baptist church here tonight. The meeting will continue throughout this week.

## Do You Remember Gasless Sundays?

NO better way could be found to illustrate and emphasize the usefulness of the Standard Oil Company (Indiana), and the broad and varied service it renders, than to take five minutes and imagine a gasless year.

Think how our lives instead of being full and complete through association with our fellow men would be circumscribed by the barriers set up by shank's mare.

Think how manufacturing would be hampered. How industry generally would be crippled. How crops would go to waste through inability to harvest, and the leaps and bounds that the cost of living would take.

Instead of the natural expansion of business that comes from service and usefulness, the whole structure of business would be hampered through sheer inability to render to society that service which society has been accustomed to demand.

The Standard Oil Company (Indiana) is a public servant owned by 4649 stockholders, no one of whom holds as much as 10 percent of the stock.

The Standard Oil Company (Indiana) is doing a big job in a big way and has grown great simply by reaping the rewards that come from rendering the service demanded by business and society in a manner satisfactory and beneficial to the world at large.

## WATSON REVEALS EXTRAVAGANCES

Indiana Senator Says \$12,000,000,000 Was Wasted Like Water Over Niagara Falls

SPEAKS AT CROWN POINT, IND.

Lake County Republican Rally and Barbecue is Attended by 10,000 Persons Saturday

Senator James E. Watson delivered the principal address at a Lake county republican rally and barbecue at Crown Point Saturday, paying particular attention to the league of nations and the extravagance of the administration during the war. Dispatches from Crown Point estimated the attendance at ten thousand persons.

Senator Watson, according to a story from Crown Point, tore into President Wilson and the league of nations in spectacular style and booted at the idea that no more soldiers would have to go to Europe if the league pact was adopted.

Senator Watson was introduced by Lawrence Lyons of Brook, republican district chairman. An elderly farmer brought a grin to Watson's face by yelling, "Now Jim, give the league of nations hell".

Senator Watson declared that Wilson was a minority President as he did not represent the majority of the people. "It was a fiasco," said Watson. "A firm stand in Mexico would have kept Germany from her ruthless campaign."

He criticised Wilson's "kept us out of war" stand. He continued: "When he did get us in he got us in too late and Wilson was the only man in the world who didn't know what Europe was fighting about. He wasted \$12,000,000,000 like water over Niagara Falls with no regard for taxpayers."

Watson simply provoked a riot when he said he was against Wilson because he was trying to put over a league of nations.

"He appointed himself to go to Paris and wasn't willing to trust another citizen," said Watson. "But he took along 1,400 persons and spent \$1,500,000. He never paid any attention to any one he took along. There was a boat ahead of him to pour oil on the water and a boat following him with \$24,000 worth of automobiles. He went over to make peace and they thought he wanted to make peace, but he wanted to make a league of nations. He came home, and while he was home the others made the treaty, and now he wants to upset it. The treaty should have been made first, then business would have gone on as usual, but Woodrow Wilson wanted to make himself the first president of the world. I haven't the slightest doubt about that."

"To adopt the league of nations will be to undermine the independence of the United States. It will undermine the constitution. It would be the greatest calamity that ever befell the country, not excepting secession. The Senate is going to do as it thinks patriotic with that treaty. It is going to reserve the Monroe Doctrine and strike out or amend Art. 10. "Somebody in the crowd yelled, "cut out the whole damn league."

Senator Watson said that he and Senator New were working together to emasculate the league. "Shall England have six votes and this country one?" he asked. The crowd yelled "No!" The crowd was delighted when Watson twisted the lion's tail.

### SPECIAL PROGRAM

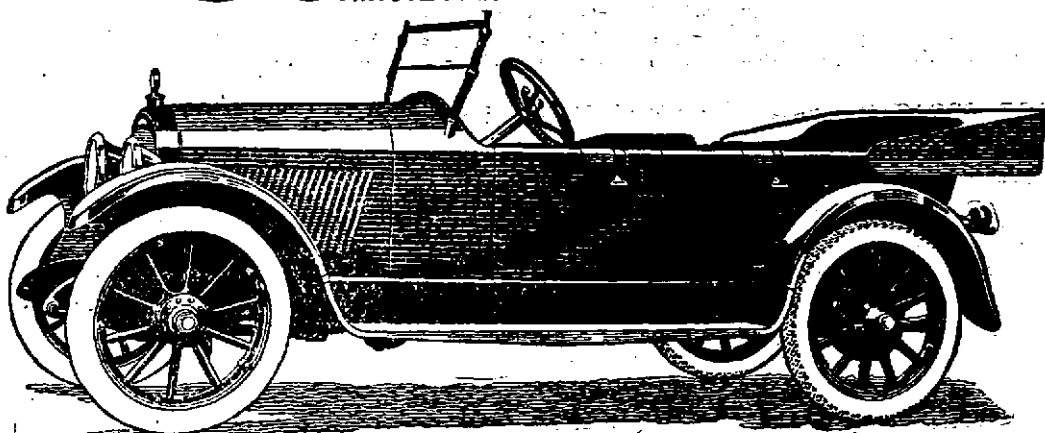

The Epworth League at Pleasant Ridge is arranging a special program for Tuesday night. It will include forty stereopticon pictures, which will be shown by the Rev. F. M. Westhafer of Arlington, illustrating important subjects and Bible lessons. The entertainment will be free to everyone.

### WEATHER FOR THE WEEK

Washington, Sept. 15.—Generally fair weather in the Ohio valley for the week is indicated; although there are some prospects of rain. Nearly normal temperatures will prevail.

## REPORT SHOW CHOLERA KILLED FEWER HOGS

13-Month Period Reveals Heavy Loss Due to High Price of Hogs and Not the Quantity

### VACCINATION PREVENTS LOSS

According to records of the United States Department of Agriculture for the 13 months from April 1, 1918, to April 30, 1919, hog cholera killed 2,815,091 hogs, valued at \$62,042,688.16, in the United States. This is the lowest loss by numbers for a similar period in the livestock history of the United States, but on account of the high price of hogs the monetary loss was heavy. For example, during the year ending March 31, 1913, hogs numbering 6,064,470 and worth \$58,832,053 died from cholera, while the next year the disease took 6,304,320 hogs worth \$67,097,401.

Department experiments show that timeliness in vaccinating hogs against cholera is all important. When exposed hogs were vaccinated while still apparently healthy, losses amounted to only 4 per cent, but when vaccination was deferred until the animals showed external signs of sickness losses averaged nearly 20 per cent. This shows that the man who puts off the preventive treatment until his hogs are sick with cholera stands only about one chance in seven of preventing fatal results. It is important, also, to maintain hog yards and barns in clean and sanitary condition.

### PHONE HEARING HELD.

Columbia City, Ind., Sept. 15.—Commissioner Haynes of the Indiana public service commission was to open a hearing in the court house here today in the case of the Whitley County Telephone Company and the Farmer's Mutual Company for a consolidation of the two companies. This matter has been pending for some time and it was expected to be closed at this hearing.

### Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy and does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Ross Co., Cleveland, O.

### Select Conservative Investments

In these exceptional times even the most conservative investments yield unusually liberal returns.

All the more reason, therefore, why you should be careful to avoid the pitfalls of unsound or untried enterprises.
